SUMMARY

Aspiring Web Developer with a solid foundation in HTML, CSS, JavaScript, and modern frameworks like React and Angular. Eager to apply coding skills to real-world projects and contribute to building responsive, user-friendly websites and applications. Quick learner with a passion for clean design, continuous improvement, and collaborative development environments.

EXPERIENCE

WebarcLight, Remote- Full Stack Developer(Intern) July 2025- Sept- 2025

Responsible for UI development and creating responsive web designs, along with handling backend development tasks. Involved in managing and maintaining website performance, ensuring smooth functionality, and working on improving website ranking and overall visibility.

Magic Bus, Mumbai- Front End Developer (Intern) March 2025- May 2025

Worked on converting Figma designs into responsive and interactive user interfaces using HTML, CSS, and React. Responsible for maintaining design consistency across pages, implementing backend integrations, and ensuring smooth functionality and performance of the website. Also contributed to improving website ranking and overall user experience.

EDUCATION

Bachelor of Science in Information Technology (B.Sc. IT) Sree Narayana Guru College, Mumbai | 2022 – 2025

PROJECTS

Project: Chatbot – Developed a chatbot capable of responding to predefined questions using backend logic. Built with **Python**, and designed the interface using **HTML**, **CSS**, and **JSON** for data handling.

Project: Learning Management System (LMS) – Built a MERN-stack consultant platform where professors post courses/services and students browse and book them through a user-friendly interface..

SKILLS

Technical skills:

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Backend: Node.js, Express.js, Python
Database: MongoDB, MySQL

Design Tools: Figma, Adobe XD (for UI reference and implementation) Web

Technologies: RESTful APIs, JSON,
AJAX Version Control: Git, GitHub
