OBJECTIVE

I'm a motivated and curious individual who's always eager to learn and grow. I enjoy taking on new challenges and believe in constantly improving myself to meet and exceed expectations. I work well in a team, pick up things quickly, and am excited to contribute to a company where I can make a real impact while continuing to develop my skills.

Shri Shivaji Science College
HSC, Percentage: **90.33%**

June 2019 – Sep 2021
Amravati, Maharashtra

PROJECTS / CERTIFICATIONS/ACCOMPLISHMENTS

Projects

- **Android Application to Connect NGOs and Citizens** – Developed a Java-based Android application designed to connect NGOs with individuals for social impact initiatives. The app allows users to report cases of child labour and make online donations, with automated notifications sent to the respective NGOs containing all relevant details. Focused on delivering a user-friendly interface and seamless functionality to encourage public engagement and support for social causes.
- **Wanderlust – Rental Listing Web App** – Developed a full-stack rental listing web app using Node.js, Express.js, MongoDB, Mongoose, EJS and Passport.js, featuring secure authentication (login/signup), complete CRUD operations for property listings with image uploads, responsive UI, backend validations, flash messages, and robust error handling. Implemented modular routing, clean MVC architecture, and efficient database design for scalable and maintainable performance.

Certifications

- **Core Java, CAD Desk** – Completed a course on Java programming and OOP concepts.

Position of Accomplishments

- **Main Co-Ordinator | Robotics Event Vidyotan, National level tech Fest Sipna Coet.** -Led team to organize and execute the robotics event. Managed event logistics, including venue setup, equipment procurement, and schedule management.
- **Secretary | Art & Craft Club Sipna Coet.** -Co-ordinated club activities, events and workshops, fostering a creative environment for members.
