Motivated Software developer with internship experience in Java, Spring Boot, REST APIs and Microservices. Skilled in SQL, MongoDB, JUnit and Git, with hands-on projects like chat and quiz apps. Strong in OOP and aiming to grow as a Java Backend Developer while contributing to scalable backend systems.

TECHNICAL SKILLS

Frameworks: Spring Boot.

Technologies: Java, JDBC, REST API.

Frontend Technologies: HTML, CSS, JavaScript, Vue.JS.

Database: SQL, MongoDB.

Design & GUI Tools: Git, GitHub, VS Code, IntelliJ, Eclipse, Postman.

Testing: JUnit 5.

Operating System: Windows.

EDUCATION

Savitribai Phule Pune University (SPPU)

Pune, Maharashtra, India

B.E. in Electronics and Telecommunication Engineering (ENTC) — CGPA: 7.40

2020 – 2024

Shri Shivaji Mahavidyalaya

Barshi, Maharashtra, India

HSC (12th) — Percentage: 61.54%

2019 – 2020

Sade Highschool Sade

Sade, Maharashtra, India

SSC (10th) — Percentage: 85.60%

2017 – 2018

PROJECTS

- **Chatting Application** | Java, Spring Boot, React.js, MongoDB
 - Built a full-stack real-time chat application using **Java**, **Spring Boot**, **ReactJS**, and **MongoDB**, supporting instant communication for 50+ concurrent users.
 - Developed and implemented **10+ RESTful APIs** and integrated WebSocket-based communication, enabling real-time messaging.
- **Journal App-Backend Development** | Java, Spring Boot, REST API, MongoDB
 - Developed backend architecture for a personal Journal App using **Java** and **Spring Boot**, supporting 100+ user journal entries with efficient API response times.
- **Event Management Application** | Java, Spring Boot, Vue.js, MySQL
 - Built a full-stack event management system using Java, Spring Boot, Vue.js, and MySQL
 - Enabling users to create, manage, and register for events seamlessly.

WORK EXPERIENCE

JR. Java Developer Intern

Pune, Maharashtra, India

Edreamz Technologies

09/2024 - 10/2025

- Developed backend services for the Knorr-Bremse Global Training Portal: training-railservices.knorr-bremse.com
- Implemented and maintained internationalization (i18n) and localization logic across frontend modules using Vue 3.
- Collaborated with senior developers in writing, debugging, and optimizing code following object-oriented programming principles.
- Built scalable REST APIs in Spring Boot and integrated with Vue.js frontend components.
- **Tech Stack:** Java, Spring Boot, Vue.js, REST APIs, MySQL
- **Tools:** Spring Tool Suite (STS), VS Code, MySQL Workbench, Git

EXTRACURRICULAR ACTIVITIES

- **Member of ETSA** **2022-2023**
 - Part of the ETSA Committee, an inter-department student organization focused on collaborative learning and team management.
 - Contributed effectively in group problem-solving sessions, demonstrating strong teamwork and leadership skills.
- **Barclays Life Skills Program Trainee** **12/2023**
 - This program was organized by GTT Foundation
