CAREER OBJECTIVE

Enthusiastic Front-End Developer with 1.5 year of experience in building responsive web applications using HTML, CSS, Bootstrap, JavaScript, and React.js. Skilled in integrating RESTful APIs, managing data with MongoDB, and using Git for version control. Passionate about creating user-friendly and scalable web solutions. Seeking an opportunity in a growth-oriented organization to apply my skills and contribute to innovative projects..

Technical Skills

- HTML
- CSS
- Bootstrap
- React.js
- JavaScript
- MongoDB
- Git
- RESTful APIs

Experience

Software Developer, Verheffen Info-Tech Pvt Ltd.–Pune

Jan 2025– Jun 2025

- Developed and maintained responsive web applications using React.js,, Tailwind CSS, and RESTful APIs.
- Built scalable and optimized user interfaces with lazy loading, code splitting, and performance enhancements.
- Collaborated with cross-functional teams to deliver user-centric solutions within deadlines.
- Worked on API integration and state management to ensure smooth data flow across applications.

Projects

1. CRM (Customer Relationship Management) System

- Engineered a responsive CRM dashboard using React.js and Material-UI, enhancing usability.
- Developed dynamic forms, visualized customer insights, and implemented lead workflow automation.
- Configured RESTful API endpoints for seamless data synchronization and state handling.
- Streamlined load times using lazy loading, modular bundling, and rendering enhancements.

2. Real Estate Platform

- Created a property booking solution with React.js and multi-step routing for smooth user flow.
- Built advanced property filters, comparison features, and structured booking processes.
- Incorporated Google Maps API for interactive location-based property visualization.
- Refined mobile layouts ensuring cross-device compatibility and improved responsiveness.

3. Animated Portfolio Website

- Designed and deployed a personalized portfolio site using React.js, Tailwind CSS, and Framer Motion for animated transitions.
- Implemented scroll-triggered effects, dynamic navigation, and interactive content sections.
- Showcased live project demos with GitHub integration for visibility.
- Deployed on Vercel ensuring fast load speeds and global accessibility.

Education

ELEARN INFOTECH, Hyderabad

2023

Frontend Development

SMT KASHIBAI NAVALE COLLEGE OF ENGINEERING, Pune

2023

(B.E (Bachelor of Engineering)

CGPA – 6.50
