Madhav Institute of Technology Science And Management Gwalior

B.Sc, 2023

Jiwaji University, Gwalior

Internship

120 Days

Digitifix private limited

Projects

151 Days

Online Shopping System

The Online Shopping System is a backend web application designed to manage the core operations of an e-commerce platform. It allows customers to register, browse products, add items to a cart, place orders, and track them. The admin can manage products, categories, users, and order statuses. This system is built using Spring Boot, Java, REST APIs, and MySQL.

Certification

- Cloud Computing by NPTEL

Key skills

- Redis
- Hibernate
- Oauth
- ORM
- JPA
- Spring Security
- Spring Mvc
- Spring Boot
- Java 8+
- Java 17
- Jwt authentication
