### Experience

#### Numero Software Technologies

Remote | Internship | Jan 2025 – April-2025

- Built with React.js: Numero's website leverages React.js for fast, dynamic, and interactive user experiences.
- Component-Based Design: It uses reusable UI components for efficient development and consistent design.
- Optimized Performance: React's virtual DOM ensures smooth navigation and quick load times across the platform.

#### ByteBillion Technologies Pvt Ltd

Indore, India | Training Program | Mar 2023 – Dec 2023

- Developed a responsive dashboard using React, enhancing the user experience.
  - Utilized MaterialUI to create visually appealing React components
  - Collaborated with the development team to identify and resolve technical issues promptly.
  - Built the backend from scratch using NodeJS.
  - Deployed the application on Vercel and maintained code on the version control system git/GitHub.
- 

### Projects

#### Restaurant Management App

- A secure, full-stack food ordering system built with Node.js, Express.js, MongoDB, and JWT, following the MVC architecture.
- Developed secure login and signup functionality using JWT-based authentication for users and admins.
- Implemented CRUD operations for managing restaurants, food items, and categories.
- Integrated role-based access control with admin middleware for managing sensitive operations.
- Designed RESTful APIs for authentication, user management, food, and orders.
- Structured database using Mongoose and connected routes with Express.

#### Book Review API

- Built a secure Book Review REST API using Node.js, Express.js, and MongoDB.
- Designed Mongoose schemas for users, books, and reviews with validations and relationships.
- Integrated JWT authentication for protected routes and user access control.
- Enabled users to add, update, and delete one review per book.
- Implemented pagination, author/genre filtering, and case-insensitive search.
- Followed MVC architecture with modular, maintainable code.
- Managed configs using environment variables and optimized API performance.

### Skills

- Javascript
  - React js
  - NodeJs
  - MongoDB
  - Express
  - HTML
  - CSS
  - Git
- 

### Education

- **2020-2022** IPS Academy  
Indore, M.P. - MCA
- **2016-2019** Gyanodaya  
Institution of  
Management and  
Technology College,  
Neemuch, Madhya  
Pradesh
- **2015-2016** Aradhana  
Higher Senior Secondary  
School, Neemuch,  
Madhya Pradesh  
(MPBSE)
