

GEETA VATNE (Aspiring Full Stack Developer)

Phone No.9579658140 | Email: geetavatne11@gmail.com

Summary:-

Dedicated **IT** engineering student with proven experience in designing and building **scalable, interactive, problemsolving** web applications .Proficient in **C++** and **SQL**, with a strong desire to contribute to a dynamic team, expand my knowledge, and further develop my technical skills in a **professional** environment.

Technical Skills:-

- Programming Languages and Databases:** C++, Java, MySQL, Firebase Firestore.
- Web Development, Tools and Collaboration::** HTML, CSS, JavaScript, ReactJS, Bootstrap, Git, GitHub, Canva.
- Software Engineering Fundamentals:** Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA).
- Soft Skills:** Teamwork, Problem-solving, Quick Learner, Resilience, Communication Skills.

Experience:-

WEB DEVELOPMENT,CODSOFT (1 MONTH) (1/02/2024) to (1/03/2024)

I **have done the** internship for my college curriculum. Leveraging modern technologies such as HTML, CSS, JavaScript, and advanced frameworks, CodeSoft focuses on creating responsive, user-friendly, and scalable web applications..

WEB DEVELOPMENT(3 MONTH)(24/04/2025) to (30/06/2025)

Web development at Zidio Development encompasses the design, development, and deployment of innovative web solutions tailored to meet diverse client needs.It help me to create a real world project like e-commerce.In this internship I start working with shopping website.

Projects:-

Resume Builder. (HTML,CSS,Javascript)

The **Resume Builder** is an intuitive web-based application designed to streamline the process of creating professional resumes. It provides users with an easy-to-use interface to input their personal and professional details, choose from customizable templates, and generate polished resumes in various formats like PDF and Word.

Personal Portfolio. (HTML,CSS,Javascript,PHP)

The Personal Portfolio is a web-based application designed to showcase an individual's skills, experiences, and achievements in a professional and visually appealing manner. This project provides a platform for users to present their personal brand, making it an essential tool for job seekers, freelancers, and creative professionals.

SuperAI. (Artificial Intelligent)

Super AI is an innovative platform that converts text into various formats, including **text, audio, video, and code**, using **artificial intelligence and web technologies**. Designed for versatility, it enables seamless content transformation, catering to developers, content creators, and businesses.This is my final year project.

Education:-

Bachelor of Engineering ,Pes Modern College of Engineering,Pune

Information Technology. **CGPA** : 8.4 July 2025

Diploma,Puranmal Lahoti Government Polytechnic,Latur.

Information Technology **Aggregate** : 87.44% June 2022

SSC,Arya Vidyalaya Borsuri,Borsuri **Aggregate** : 89.80% March 2019

Certification:-

- Simplilearn-Python**
- LINKEDIN LEARNING-SOFTWARE DEVELOPMENT SKILL DEVELOPMENT**
- Web development- CodSoft**
- Database Management-Greatlearning**

Strength/Hobbies:-

Problem-solving, Adaptability, Self Motivated, Leadership, **Creative thinking**, Time Management.
Traveling , cooking , **teamwork** and **discipline**.
