About Me

Results-driven Cyber Security Analyst with hands-on experience in vulnerability assessment, penetration testing, and threat detection. Skilled in web application security, OWASP Top 10, and incident analysis using tools like Burp Suite, Nessus, Nmap, Metasploit, and SIEM platforms. Proven ability to identify, analyze, and report security issues through internships and bug bounty programs, seeking a full-time cybersecurity role.

Experience

Cyber Security Analyst - Intern

March 2024 - June 2024

SwiftSafe

- Performed vulnerability scans and manual testing to uncover application and network weaknesses.
- Analyzed log data and events using SIEM tools to detect and respond to security incidents.
- Delivered internal security awareness sessions to enhance employee understanding of phishing, malware, and insider threats.
- Assisted senior analysts in developing mitigation strategies and remediation documentation.
