SUMMARY

As motivated and enthusiastic, I am eager to make a contribution to an organization in the field using the skills and knowledge acquired through my internship and project. In particular, I am interested in opportunities that allow me to apply my engineering skills to innovative technologies

EDUCATION

Bachelor in Technology in Computer Science and Engineering	Sep 2022 – July 2025
<ul style="list-style-type: none">Sandip University, Nashik	CGPA: 9.47
Diploma in Computer Engineering	Aug 2019-Apr 2022
<ul style="list-style-type: none">Government Polytechnic, Osmanabad	Percentage: 77.77%
Secondary School Certificate (Class 10)	Completed: May 2019
<ul style="list-style-type: none">Ravindra High School, Bhoom	Percentage: 80.20%

SKILLS

- Technical Skills: Python, Java, C++, C language, JavaScript, HTML, CSS, MySQL, PHP, Laravel
 - Tools: Visual Studio Code, Android Studio, Eclipse, Command Line/Terminal, VPS Hosting
 - Soft Skills: Problem-Solving, Teamwork, Good Communication, Critical Thinking
-

PROJECTS

Attendance Management System using Android (Diploma Project)

Developed an Attendance Management System as an Android application to automate attendance tracking. Built using Java and XML in Android Studio, with Firebase Real-time Database for secure data storage. The app includes features for user authentication, attendance marking, and viewing reports, offering a seamless and efficient experience for both students and faculty.

IOT Based Anti-Theft Floor Mat (UG Project)

Developed an IoT-based Anti-theft Floor Mat to detect unauthorized movement and enhance security. The system used Arduino and ESP8266/ESP32 modules to monitor pressure changes on the mat and send real-time alerts to a mobile device or security system. Integrated sensors trigger notifications upon detecting movement, providing an effective and immediate response to theft attempts.

EXPERIENCE

Mar 2025-Sep 2025

Full Stack developer: SureHype Digital Solution Pvt Ltd Nashik

I am working as a Full Stack Developer at Surehype Digital Solution Pvt. Ltd., Nashik for the past 6 months. My role includes developing and maintaining web applications with front-end and back-end technologies, along with database management and API integration.

COURSES

- SAP ABAP – Currently pursuing a 4-month course; completed 1 month of hands-on training
-

CERTIFICATIONS

- Datacom Software development virtual experience Internship
- Python Basic certification by Hackerrank
- Front end Development-HTML certification by Great Learning
