---

## Career Objective

Motivated and detail-oriented Full Stack Java Developer with strong knowledge of Java, Spring Boot, and database management. Eager to contribute to software development projects by building scalable back-end services and interactive front-end interfaces while continuously enhancing technical skills.

## Technical Skills

- **Programming Languages:** Java, Sql , JavaScript
- **Web Development:** HTML, CSS, RESTful APIs
- **Frameworks & Libraries:** Spring, Spring Boot, Hibernate
- **Databases:** MySQL, Oracle, MongoDB

## Academic Performance

- Master of Computer Science (MCS), Rajiv Gandhi College of CS & IT – Pursuing (Expected **2026**)
- Bachelor of Computer Science (BCS), PVG's College of Science, Pune – **2023** (CGPA: 7.5)
- HSC, Janata High School & Junior College, Naigaon – **2020** (69%)
- SSC, Nathoba High School and Junior College – **2018** (87%)

## Projects

- **Online Test System for Java and Python:** Developed a web-based online examination platform using Spring Boot MVC that supports user registration, secure login authentication, and automated email notifications of exam scores via Spring Boot Mail. Designed and implemented an admin panel to manage exam content, monitor user activities, and generate reports for performance tracking.  
**Technologies:** Spring Boot, Spring MVC, Spring Data JPA, JSP, MySQL, Maven, Spring Boot Mail
- **Employee Management System:** Developed a web-based application using Spring Boot to manage employee records with features for adding, updating, and viewing employee details through a user-friendly interface. Implemented CRUD operations with Spring Data JPA and dynamic UI rendering using Thymeleaf templates.  
**Technologies:** Spring Boot, Spring MVC, Spring Data JPA, MySQL, Thymeleaf, Maven

## Experience

### Full Stack Development Intern : The Developers Arena (Dec 2024 – Mar 2025)

Completed a Full Stack Java Developer internship where I built and deployed web applications using Java, Spring Boot, Hibernate/JPA, and MySQL. Developed RESTful APIs and integrated them with frontend technologies such as HTML, CSS, JavaScript, and JSP/Thymeleaf.

### Full stack Java mentor : Naresh I Technologies (May 2025 – Present )

**Mentorship:** Guided students in Core Java, JDBC, Servlet, Spring Boot, and REST API development

**Project Guidance:** Assisted with real-time project development and code debugging for student projects **Concept Delivery:** Conducted one-on-one sessions to clarify Java and backend concepts.

## Achievements

- Successfully completed Full Stack Java course from NareshIT .
- Participated in district-level cricket tournaments
