Frontend and Full-Stack Developer with 3.5+ years of expertise designing and deploying scalable, responsive web applications. Specialized in modern frameworks including React.js, Angular, and the MERN stack. Proven track record of architecting high-performance solutions, optimizing user experience, and delivering complex features across diverse projects. Strong proficiency in REST APIs, cloud-integrated deployments, and cross-platform UI frameworks.

EXPERIENCE

Bright Infonet Pvt. Ltd. | ReactJS Web Development

Apr 2025 – Nov 2025

Remote

- Architected and deployed 15+ full-stack solutions using React.js, Tailwind CSS, and Nest.js, delivering dynamic, responsive applications exceeding client specifications
- Led end-to-end project implementation, conducting requirements gathering and translating client needs into cutting-edge technical solutions
- Implemented modern web technologies to enhance user engagement and application performance across multiple production deployments

Intract Software Pvt. Ltd. | Software Engineer Intern

Jan 2025 – Apr 2025

Gurgaon

- Engineered blockchain-integrated solutions with multi-chain MetaMask wallet handling for decentralized applications
- Developed secure crypto wallet infrastructure with advanced finance-related features for enhanced user transactions

Cybertech Systems and Software Pvt. Ltd. | Frontend Developer (LG – GIS Project)

Aug 2021 – Apr 2023

Mumbai

- Engineered sophisticated GIS-based frontend applications leveraging ArcGIS tools for advanced geographical data visualization
- Integrated ArcGIS APIs enabling interactive geospatial data insights and real-time map layer configurations via GeoServer
- Optimized large-scale geospatial dataset processing with responsive, user-centric interface design for complex data analysis
- Developed responsive interfaces maintaining 95%+ functionality across 12+ device types and screen resolutions

Cartel of Code Pvt. Ltd. | Junior Software Developer

Sep 2020 – Jun 2021

Australia (Remote)

- Developed responsive web applications using Angular and React with optimized CSS ensuring consistent design across platforms
- Implemented diverse frontend features leveraging HTML5, CSS3, and JavaScript achieving high performance standards

Tectiq Technology Pvt. Ltd. | Software Engineer Intern

Jan 2020 – Jun 2020

Pune

- Designed and developed comprehensive Payroll Management System with seamless frontend-backend integration utilizing Firebase

PROJECTS

Weather-Cities | [Live](#) | HTML, CSS, JavaScript

- Built dynamic weather application featuring real-time city search functionality with integrated weather API for live data updates

Crypto-Tracker-Website | [Live](#) | HTML, CSS, JS, React, API

- Developed real-time cryptocurrency tracker with tabs for grid and list views and custom theme for enhanced UI aesthetics

EXTRACURRICULAR

Acciojob Full Stack Web Development

Jul 2023 – Dec 2025

Remote

- Built multiple MERN stack applications with optimized architecture and deployed production-ready solutions
- Developed reusable UI components using React, Tailwind CSS, and Bootstrap achieving consistent design systems
- Solved 300+ Data Structures and Algorithms problems, achieving top 15% ranking and mastering 20+ algorithm concepts

TECHNICAL SKILLS

Languages:

JavaScript, Java

Frontend:

React.js, Next.js, Angular, Redux, Tailwind CSS, Bootstrap, HTML5, CSS3, React Router

Backend:

Node.js, Express.js, Nest.js, MongoDB

Tools & APIs:

REST APIs, Git, Firebase, ArcGIS, GeoServer

Other:

MERN Stack, Responsive Design, Performance Optimization

EDUCATION

Master of Computer Applications (MCA)

KBC North Maharashtra University (IMR Institute), Jalgaon | Jul 2017 – Aug 2020 | CGPA: 8.11

B.Sc. in Computer Science

KBC North Maharashtra University (Moolji Jaitha College), Jalgaon | Jun 2014 – Jul 2017 | CGPA: 7.16
