Full Stack Developer with hands-on experience in building scalable and responsive web applications using **Angular**, **.NET Core**, **Bootstrap**, and **MS SQL**. Currently working as a Graduate Engineer Trainee at MPSEDC, contributing to government Case Management System projects with dynamic UI development and secure API integration. Strong in front-end architecture, backend API development, and delivering clean, maintainable code. Eager to apply full-stack expertise to impactful real-world projects.

Experience

Graduate Engineer Trainee – MPSEDC, Bhopal (June 2025 – Present)

- Working on multiple government Case Management System projects focused on digitizing legal case records and automating workflow processes to improve efficiency and transparency in public service delivery.
- Contributing to the frontend using Angular and Bootstrap to create dynamic, responsive interfaces with role-based access and validation.
- Integrated .NET Core Web APIs for secure data exchange, maintaining scalability and performance across modules.

Technical Skills

Languages: C++, HTML, CSS, JavaScript, SQL, C#, TypeScript

Frameworks & Libraries: Angular 19, .NET Core, Bootstrap

Databases: MS SQL

Tools & Technologies: Visual Studio Code & Visual Studio 2022, Git, GitHub

Projects

Employee Management System (Angular 19 ,Bootstrap)

- Developed a full-featured system with CRUD operations, login authentication, and role-based access control.
- Implemented **template-driven** and **reactive forms** with validation, dynamic dropdowns, and project-employee relations.
- Utilized **REST APIs**, standalone **components**, **observables**, and **async pipes** for real-time updates and state management.
- Designed interactive dashboards and modal-based UI with **Bootstrap**, ensuring responsiveness and high performance.

Blog-Hive (Angular, Bootstrap)

- Developed a responsive blog management platform using Angular with user create, edit, and view blogs across categories.
- Designed a modern, interactive UI using **Bootstrap** and **Angular routing** for smooth navigation and state handling.
- Implemented real-time blog updates and comment interactions using **Angular services** and **observables** for seamless user experience.

Education

Technocrats Institute of Technology (Excellence), Bhopal — B.Tech in Computer Science Engineering (2021 – 2025) | CGPA: 7.94

Certificates & Achievements

- Ranked 41st in state-level **MPSEDC Internship Program** selection process for IT graduates.
- Certificate of Completion in **C++ Programming** from Ram Raj Tech.
