## Education

R. C. Patel Institute of Technology, Shirpur.

*B.Tech - Computer Engineering*

2021 – 2024

*Shirpur*

## TECHNICAL SKILLS

**Programming Languages:** Python, MySQL, HTML, CSS.

**Frameworks:** Django

**Database & Other Tools:** MySQL, PostgreSQL, Postman, VS Code, MS Excel, Jupyter.

## PROJECTS

### Trip Tracker – Personal Travel Diary Web App | Django, HTML,CSS, PostgreSQL

- Developed a **Full-Stack** web application using **Django** to manage and showcase travel experiences with **CRUD** functionality.
- Designed a responsive **frontend** with **HTML and CSS**, featuring a visually appealing gallery and detailed trip pages with image support.
- Integrated **PostgreSQL** as the **backend database** for reliable data storage and used **Django ORM** to manage models and relationships efficiently.

### Bank Management System | Python

- Developed a console-based Bank Management System using implementing core banking operations such as account creation, deposit, withdrawal, and balance inquiry **Core Python** implementing core banking operations such as account creation, deposit, withdrawal, and balance inquiry.
- Applied **Object-Oriented Programming** (OOP) concepts to model real-world banking entities like customers and accounts.
- Utilized **Python data structures (lists, dictionaries)** for efficient data management. Implemented transaction history tracking for deposits and withdrawals.

### PyMyWeb – Tech-accurate and catchy | Django, HTML,CSS, MySQL

- Developed a dynamic web application using **Python Django**, with **MySQL** as the backend database for efficient data storage and retrieval.
- Designed clean and responsive user interfaces using **HTML and CSS**, ensuring cross-browser compatibility and a seamless user experience.
- Implemented **CRUD** functionality using Django views and models, allowing seamless interaction with MySQL database records through the frontend.

## CERTIFICATE

- Python Certification** – Simplilearn.
- SQL and Relational Databases** – Cognitive Class.ai (Sponsored by IBM).
