**Website : [techszdeveloper.vercel.app](https://techszdeveloper.vercel.app)**

**linktree : [linktr.ee/szdeveloper](https://linktr.ee/szdeveloper)**

---

## PROJECT 1

### **Techszdeveloper (Personal Brand / Portfolio)**

 [techszdeveloper.vercel.app](https://techszdeveloper.vercel.app)

- Role: Founder, Full-Stack Developer
  - Key Work: Designed and developed your personal brand/agency website showcasing services, portfolio, and contact capabilities.
  - Highlight: Emphasize UI/UX, mobile responsiveness, and how you tailored it for client acquisition.
- 

## PROJECT 2

### **Glorgens Builders & Developers Website**

 [glorgensbd.in](https://glorgensbd.in)

- Role: Lead Developer & Designer
  - Work Delivered : Built and maintained a professional website for a real estate & construction company.
  - Created branding visuals, banners, and marketing assets.
  - Improved website performance and SEO optimization to increase client reach.
- 

## PROJECT 3

### **SZCAR (Car Rental Platform)**

 [szcar.netlify.app](https://szcar.netlify.app)

 [szcars.netlify.app](https://szcars.netlify.app)

- Built a user-friendly car rental web interface using HTML, CSS, and JavaScript, enabling seamless booking through steps: location selection, pick-up scheduling, and vehicle choice.
  - Designed key UI elements—service showcases, deal highlights, and a 24/7 support section—focused on clarity and conversion. Implemented a downloadable app prompt to enhance user engagement and mobile accessibility.
- 

## PROJECT 4

### **SZ Dashboard (Task & Project Management UI)**

 [szdashboard.netlify.app](https://szdashboard.netlify.app)

- Developed a dynamic dashboard interface featuring task boards, scheduling, and team collaboration visuals using HTML/CSS and JavaScript frameworks.
- Integrated components include task status trackers ("To do", "Completed"), calendar views, and member avatars for team visibility—emphasizing real-time data layout with clean visual hierarchy and intuitive navigation.

# PROJECT 5

## SZ AI (Virtual Assistant Interface)

 [szai.netlify.app](https://szai.netlify.app)

- Developed a lightweight virtual assistant interface—SZ AI—that welcomes users with a proactive greeting (“I’m a Virtual Assistant SZ AI, how may I help you?”).
  - Designed a conversational user engagement feature via a “Click here to speak” prompt, enabling speech input and enhancing hands-free interactivity.
- 

## MORE PROJECTS
