Other	IoT Basics, R for Data Analysis

Experience

Software Developer | Destek Infosolutions | Pune
Jan 2024 – Dec 2025

- Developed and maintained scalable backend APIs using Node.js and Express.js for food delivery and franchise management systems, improving order processing efficiency.
- Integrated SQL and MongoDB databases to manage orders, tracking, and commission workflows, ensuring real-time data accuracy.
- Optimized backend code for performance, security, and scalability, conducting thorough unit testing and code reviews.
- Collaborated with frontend teams to enable seamless API integration and real-time updates across applications.
- Implemented best practices in version control (Git) and contributed to continuous integration and deployment workflows.

PROJECTS

Agency Portal | Destek Infosolutions

Role: Node.js & Angular Developer

Technologies: Node.js, Express.js, MongoDB, Angular

- Developed Franchise Panel for onboarding, RX approvals, and commission tracking.
- Built complaint management and CS dashboards for streamlined workflow.
- Designed Franchise Master module to track onboarding status and records.
- Ensured robust API integrations and applied Git version control for collaboration.

WAAYU Food Delivery App | Destek Infosolutions

Role: Node.js Developer

Technologies: Node.js, Express.js, SQL

- Developed and maintained backend services for managing orders, payments, and deliveries.
- Implemented responsive UI interfaces for seamless customer experience.
- Optimized application performance and database queries for scalability.

Enero Group – Free Thinkers United

Role: PHP Developer

Technologies: WordPress, PHP, ACF Pro, SCSS, HTML, JavaScript

- Developed modular WordPress platform with reusable components for global marketing agencies.
- Integrated dynamic modules using ACF Pro for flexible content management.
- Enhanced frontend performance, site load times, and cross-browser compatibility.

Benchmark Survey

Role: PHP & React.js Developer

Technologies: PHP, React.js, SQL, SCSS, JavaScript

- Developed a multilingual survey platform with backend-driven question management.
- Integrated PHP backend with React frontend for dynamic content updates.
- Ensured optimized SQL queries, responsive UI, and cross-country accessibility.

Education

BCA – Indira College of Commerce and Science, Pune, **2024**

12th – Uttar Pradesh State Board, **2021**

10th – Uttar Pradesh State Board, **2019**
