WORK EXPERIENCE

Growhut Technologies Private Limited

August 2025 - Current, Remote

UI/UX Intern

- Collaborated with a Senior Designer on two BFSI (Banking, Financial Services, and Insurance) projects, simplifying complex financial workflows through clear UX and UI design.

PROJECTS

1. SynchroX

- Orchestrated the UX/UI of SynchroX's AI Campaign Generator, enabling rule-based automation that **slashed campaign deployment time by 96%, and also lowered cost-per-contact from \$0.25 to \$0.07.**
- Led end-to-end UX for XVoice Agent's voice-bot setup, improving intent/flow configuration and **lowering cost-per-contact from ₹0.25-0.30 to ₹0.07-0.10.**
- Created a data-rich dashboard for SynchroX, unifying KPIs across recovery, channel spend, and portfolio health into a clean, decision-focused interface.
- Designed a 14-slide pitch deck end-to-end, establishing visual hierarchy, narrative flow, and polished UI.

2. Azakra

- Crafted the end-to-end STR Generation workflow, streamlining alert review and evidence collection, **reducing STR filing time by 35-50%.**
- Built the NLP-powered Rule Builder, enabling analysts to create complex compliance rules via natural language, **cutting rule creation time by 60-70% and reducing tech dependency by 50%.**
- Created the complete customer onboarding flow, simplifying KYC and verification steps to accelerate user activation and reduce onboarding friction.
- Shaped a KPI-driven AML dashboard, surfacing alerts, risks, and STR progress at a glance to improve visibility and speed up decision-making.
