Education

GLA University

Bachelor of Technology in Computer Science (CPI - 6.5)

August 2022 – June 2026

Mathura, India

Technical Skills

Technologies: NodeJS, ReactJS, Next JS, ExpressJS, Tailwind CSS, MongoDB, Firebase, Clerk, SQL, NoSQL, Git/GitHub

Languages: Java, JavaScript, C, C++, Python, HTML, CSS

Tools: VS Code, Git, Eclipse, Figma, Postman

Coursework

- | | | | |
|--------------------------------|---------------------|-------------------------------------|-------------------|
| • Data Structures & Algorithms | • Operating Systems | • Database Management System (DBMS) | • OOPS Concept |
| | • Computer Networks | | • Web Development |

Projects

Hotel Dekho | ReactJS, ExpressJS, NodeJS, MongoDB, Tailwind CSS, MUI | 

October 2024

- Designed and developed a user-friendly hotel booking platform offering real-time availability, pricing and reservation management
- Implemented features like secure booking, user authentication, reviews and ratings and admin dashboard for hotel and user management to ensure a seamless and engaging experience.

Chatapp | ReactJS, ExpressJS, NodeJS, MongoDB, Socket, Redux, Tailwind CSS | 

July 2024

- Developed a real-time chat application with user authentication, private messaging, using Socket.IO for instant communication
- Implemented features like online and offline user status, message delivery and read indicators, and secure message storage using MongoDB for a smooth and reliable chatting experience.

FocusCraft | ReactJS, ExpressJS, NodeJS, MongoDB, Tailwind CSS | 

June 2024

- Designed and implemented a blog platform, enabling users to explore articles, stay updated with the latest posts, and interact through comments and likes.
- Optimized blog performance through pagination, lazy loading of images, and MongoDB indexing for faster content retrieval

Achievements

- Solved over **600+** DSA problems with a highest rating of **1969** on LeetCode.
- Achieved **1st rank** in PCPH coding competition among **600+** participants.
- Won **1st** place in a competitive DSA Hackathon at GLA University among over **500** participants.
- Ranked **285** out of **3300+** competitive programmers in GeeksforGeeks weekly coding contest 139.
- Achieved a global position of **209** in CodeChef Starters 125 contest.

Leadership Experience

Technical Team Head

Codebusters Club, GLA University

August 2023 – Present

Mathura, India

- Facilitated an interactive workshop for over **250** students on CP and DSA, resulting in enhanced problem solving skills.
- Worked as a problem setter for coding contests, designing and testing problems for **15+** contests.
- Managed a team of **5** members to organize technical events including Spectra 2.0, Spectra 3.0, and ByteBattle.

Internship/Training

W3Grads | Certificate

June 2024

- Completed a rigorous **45-day** intensive training program focused on competitive programming and algorithm optimization, honing problem-solving skills and algorithm design.
