

VISWANADHUNI SUBHASRI

Contact No: +91 82478 56660; E-mail: subhasriviswanadhuni@gmail.com

SKILLS

❖ Programming Languages

- ✓ Core Java (JDBC, Servlets, Spring Boot)

❖ Web Development

- ✓ HTML5, CSS3, JavaScript (React)

❖ Database Technology

- ✓ MySQL

❖ Tools

- ✓ Eclipse, Visual Studio Code, React.js, Postman

EDUCATION

❖ B.Tech –

Electronics and Communication Engineering
-2024

Audisankara Institute of Technology, Guduru

CGPA: 7.7/10

❖ Intermediate (MPC) – 2020

Narayana Junior College, Nellore

CGPA: 8.32/10

❖ SSC – 2018

Sai Millennium School, Nellore

CGPA: 8.2/10

LOCATION: Nellore

OBJECTIVE

Motivated Software Engineer with hands-on experience in web development and a solid understanding of data structures and algorithms, seeking full-time opportunities to apply my skills in software engineering roles.

EXPERIENCE

Personal Projects (Self-Initiated)

- Jan 2023 – Present

- Designed and optimized linear data structures (Arrays, LinkedLists, Stacks, Queues) in Java, improving processing efficiency..
- Solved algorithmic problems in online coding challenges, enhancing programming skills.

PROJECTS

- **Banking Management System - JDBC.** Developed a Banking Management System using Java and JDBC to manage customer accounts, transactions, and balances. Implemented functionalities for account creation, deposits, withdrawals, fund transfers, and transaction history. Ensured secure data handling with proper exception handling and database connectivity.
- **Linear Data Structures Implementation.** Implemented core linear data structures (Arrays, LinkedLists, Stacks, Queues) in Java, optimizing processing performance.

EXTRACURRICULAR ACTIVITIES

- Participated in coding competitions and hackathons, showcasing problem-solving and teamwork skills.
- Attended technical workshops on web development, software design, and algorithm development.
