<b>Intermediate</b> Govt Junior College(Town) Kurnool	2018-2020
<b>Board Of Secondary Education</b> ZP High School, Kalugotla	2017-2008

## TECHNICAL SKILLS

**Programming Language:** Core Java.  
**Framework:** Spring ,Spring Boot  
**Database:** SQL  
**Front-End Technologies:** HTML,CSS  
**SDLC-** Software Development Life Cycle, OOPS.

## PROJECT

### Project Title : Employee Management System.

Developed a comprehensive Employee Management System to streamline and enhance the management of employee records for organizations. This software provides a centralized database, enabling efficient tracking and updating of employee information. Each employee in the database is associated with a position can be added and edited when need arises.

- Key features include:
- Stores all employee records in a single, easily accessible location.
- Facilitates quick updates and retrievals of employee information.
- Enables adding, editing, transferring, promoting, and terminating employees.
- Supports seamless transfers and prevents duplicate position entries.

## WORK-EXPRINCE

### RamanaSoft Hyderabad-Internship

#### Role: - Java Developer

- Developed and maintained java-based web applications using Spring ans SpringBoot.
- Designed RESTful APIs and integrated them with front-end applications.
- Optimized SQL queries and improved database performance by15%;

## CERTIFICATIONS ACHEIVEMENTS

- Attained certificate of completion Java Programming  
Ihub Quality Thought.
- Participated on Technical Quiz competition, college fes  
At College
- Community Service project  
At College
