Ahmedabad, Ahmedabad, Gujarat, 382475, India

Java Developer with hands-on experience in building secure, scalable, and high-performance applications using Java Spring Boot within microservices architecture. Skilled in API development, security implementation, caching, debugging, and performance tuning. Strong problem-solving skills with expertise in RESTful standards, design patterns, and Agile methodologies.

Work Experience

Java Developer Trainee

Jun 2025 - Aug 2025

| Hyderabad

Completed Java Trainee Program focusing on backend development using Java and Spring Boot. Contributed to backend module development and testing in a collaborative Agile environment. Gained hands-on experience in debugging, performance tuning, and project development. Demonstrated strong dedication, enthusiasm for learning, and timely task completion.

Projects

Core Payment Integration System

Jun 2025 - Aug 2025

Developed a secure and scalable payment integration system using Java Spring Boot in a microservices architecture hosted on AWS. Designed and implemented modular validation framework, HmacSHA256 & RSA-based security, business rules, payment status tracking, Trustly Deposit API integration, and error handling. Integrated Redis Cache and Spring Security for enhanced performance and security. Followed RESTful standards, applied design patterns, and built strong debugging and problem-solving skills.

Education

School of Computer Science and IT, DAVV, Indore

Jun 2022 - Jun 2024

M.Sc Computer Science
GPA: 85.5%

Government Holkar (Model, Autonomous) Science College, Indore (M.P.)

Jun 2019 - Jun 2022

B.Sc Computer Science
GPA: 81%

KV No 1,Indore

Mar 2018 - May 2019

12th 12th
GPA: 81%
