Professional Summary

Results-driven **Java Full Stack Developer** skilled in designing and building scalable web applications using **Spring Boot, React.js, and MySQL**. Proficient in developing **RESTful APIs**, implementing efficient database structures, and crafting responsive front-end interfaces. Passionate about clean code, performance optimization, and delivering user-focused solutions that enhance productivity.

Technical Skills

Languages: Java, JavaScript, SQL

Frontend: React.js, HTML5, CSS3, Bootstrap

Backend: Spring Boot, RESTful APIs, JPA/Hibernate

Database: MySQL

Tools & IDEs: Eclipse, Visual Studio Code, MySQL Workbench, Postman, Git, GitHub

Methodologies: Agile, SDLC, MVC Architecture

Projects

Plant Nursery Management System – Full Stack Developer

Technologies: Spring Boot, React.js, MySQL

- Designed and developed a full-stack web application to automate nursery management, **reducing manual tracking time by 60%**.
 - Implemented **8+ RESTful APIs** with Spring Boot for CRUD operations and integrated them with React.js for seamless data interaction.
 - Optimized **MySQL database queries** for faster data retrieval and accuracy in real-time updates.
 - Built reusable React components and applied state management to enhance **frontend performance and usability**.
-

Education

Bachelor of Technology (B.Tech) – Mechanical Engineering

Kakatiya University College of Engineering & Technology, Warangal

2020 – 2024 | **CGPA: 7.85**

Intermediate (MPC) – Pragathi Junior College, Nalgonda

2018 – 2020 | **Percentage: 93.8%**

SSC – ZPHS Kazi Ramaram, Nalgonda

2017 – 2018 | **GPA: 7.8**

Certifications

- **Full Stack Java Development** – Coding Hub Innovation Pvt. Ltd. (2024)
 - **Java (Basic)** – HackerRank
 - **Problem Solving (Basic)** – HackerRank
-

Achievements

- Developed and deployed a complete **CRUD-based web application** independently during training.
 - Solved **100+ Java and DSA problems** on HackerRank, strengthening analytical and coding abilities.
 - Recognized for writing **clean, maintainable code** and quick debugging during project evaluations.
-
