Professional Summary

Motivated and team-oriented Java Full Stack Developer with hands-on experience in Java, Spring Boot, Hibernate, and RESTful APIs, ReactJS. Skilled in designing and implementing scalable, secure web applications with strong focus on code quality and teamwork.

Technical Skills

Programming & Web Technologies: Core Java, Collections Framework, Spring Boot, Spring MVC, Hibernate, RESTful APIs, OOPs, DSA, HTML5, CSS3, JavaScript, ReactJS

Databases: MySQL, Oracle

Tools & IDEs: Visual Studio Code, Eclipse IDE, Spring Tool Suite (STS), Postman, Maven, Git, GitHub

Soft Skills: Adaptability, Problem Solving, Communication Skills, Continuous Learning, Work Ethic, Time Management

Experience

BrillectTech Solution Pvt. Ltd. Nagpur

January 2025 – July 2025

Full Stack Java Developer Intern

Nagpur, India

- Developed and deployed full-stack web applications using Spring Boot, ReactJS, Hibernate, and RESTful APIs, ensuring high scalability and performance and optimized MySQL database to enhance data storage, retrieval, and query execution efficiency.
- Built interactive and responsive frontend interfaces with ReactJS, JavaScript, HTML, and CSS. Conducted code reviews, debugging, and performance optimization, achieving a 30% reduction in response time. Collaborated with cross-functional teams to integrate new features, improve functionality, and deliver seamless user experiences.
- Utilized Git/GitHub for version control and Postman for API testing, ensuring smooth integration and deployment. Focused on clean code, modular design, and reusable components, improving development speed and maintainability.

Personal Projects

Electricity Billing Project | [Link](#)

- Designed and developed a full-stack Electricity Billing using Spring Boot REST API and ReactJS for automated bill generation, payment tracking, and user management.
- Implemented CRUD operations, RESTful APIs, and JPA/Hibernate for database integration with MySQL.
- Built a responsive frontend with ReactJS and Axios for seamless API communication. Ensured data accuracy, real-time updates, and secure transactions through proper validation and exception handling.
- The project demonstrated strong proficiency in Java, Spring Boot, RESTful services, and modern frontend development.

User Management System | [Link](#)

- Developed a User Management System using Spring Boot REST API and ReactJS to handle user registration, authentication, role-based access control, and profile management. Implemented secure CRUD operations for users and roles with JPA/Hibernate and MySQL integration.
- Designed and exposed RESTful APIs for frontend-backend communication, and built a responsive UI using ReactJS, Axios, and Bootstrap for smooth data interaction. Integrated Spring Security for authentication and authorization, ensuring secure API endpoints. This project demonstrates strong skills in Java, Spring Boot, RESTful web services, frontend development, and full-stack integration.

Certifications

- Java Full Stack Development** from Sathya Technology Ameerpeth, Hyderabad

Education

G H Rasoni University, Amaravati

August 2023 – June 2025

Master of Computer Applications

Nagpur, Maharashtra

8.10 CGPA

G H Rasoni Institute of Engineering and Technology, Nagpur

August 2020 – June 2023

Bachelor of Computer Applications

Nagpur, Maharashtra

7.43 CGPA
