## EXPERIENCE

---

**Software Development Intern** Nov 2025 – Present  
IshiSoft Private Limited, Maharashtra

- Working on a real-world MERN-based gifting portal project, **GiftsNGifts**.
- Contributing to both **Frontend and Backend** development of the seller panel using React and Node.js.
- Improving UI components and integrating APIs across seller workflows.

**AIML Intern** Dec 2023 – Jan 2024  
Bit-Tech Services, Nashik

- Worked on machine learning regression problems.
- Hands-on experience in data preprocessing and model building.

## PROJECTS

---

### Email Marketing System App – MERN

Designed and developed a full-stack email automation platform with secure authentication, email scheduling, reusable templates, and campaign tracking. Implemented RESTful APIs, role-based access, and a responsive user interface using React, Node.js, Express, and MongoDB. ([Repository](#))

### Wanderlust Travel App – MERN

Built a travel listing web application featuring user authentication, property listings, reviews, and responsive layouts. Focused on clean UI design, REST API integration, and efficient data management using MongoDB. ([Repository](#))

## ACHIEVEMENTS

---

- Participated in Naukri Campus Young Turks.
- Earned Advanced Java with DSA Certification (TNS).
