- jQuery plugins
- GitHub, GitLab
- OOPS
- MS SQL, MySql, PostgreSQL
- HTML, CSS, JavaScript, Bootstrap
- Angularjs, Reactjs, Node.js, Express.js
- Crystal Report
- REST APIs, JSON, XML

## 📄 SUMMARY

Seasoned .NET Developer with over 5+ years of experience building robust software solutions using C#, ASP.NET, SQL Server, and Entity Framework across ERP, POS, and healthcare accreditation applications. Delivered client-focused solutions in diverse business domains, including modules for OPPE and KPI tracking, improving system efficiency by up to 20%. Strong analytical and performance engineering skills honed in multinational environments, complemented by excellent communication and organizational abilities.

## 📁 PROFESSIONAL EXPERIENCE

### Medas Software System Pvt Ltd

. Senior Net Developer

2024 – present | Madurai, India

- Developed and implemented Change Requests (CRs) with efficient coding, testing, and integration to meet client specifications and ensure system reliability. Worked effectively independently and in teams, translating client requirements into comprehensive application designs, including database and architecture. Successfully communicated with clients to gather detailed assignment information.

### AccreHealth Solutions Pvt Ltd

.Net Developer

2023 – 2024 | Madurai, India

- Developed and maintained a high-performance web application for UAE healthcare data processing, ensuring compliance with regional regulations and hospital accreditation systems. Wrote SQL statements and stored procedures, with expertise in healthcare compliance, data security, and operational efficiency. Provided effective troubleshooting and remediation for web applications.

### iBook Info Tech Pvt Ltd

Junior .Net Developer

2020 – 2022 | Ramanathapuram, India

- Collaborated on coding, testing, and debugging for Employee Track and Project Management systems, handling front-end and back-end development, deployment, and maintenance while staying updated on Windows application standards and trends.

## CERTIFICATES

### The 4th day Dotnet Application Development Bootcamp

Earned a Certificate of Completion for the 4-Day .NET Application Development Bootcamp.

## INTERESTS

### Learning New Languages

Indicates adaptability, cultural awareness, and intellectual curiosity.

### Photography

Reflects creativity, attention to detail, and technical skills.

## AWARDS

### Departmental Technical Event

App Dhoom Mobile Application  
05/02/2015

Received a Participation Certificate in the "App Dhoom Mobile App Competition" Workshop

## PROJECTS

### Hospital Management Software

Quality and Accreditation

2023 – present

- Developed Mortality Module for hospital accreditation system using C#, ASP.NET, SQL Server, and Entity Framework, integrating with OPPE, KPI, Privilege, Document, and Incident Management modules. Handled coding, testing, bug fixing, workload estimation, and dynamic Excel reporting.
- Automated physician performance tracking (OPPE), KPI benchmarking, secure privilege management, centralized document repository, real-time incident reporting.
- Technology Stack: .NET 4.5.8, LINQ, JavaScript, HTML5, Bootstrap, jQuery, JSON, Crystal Reports, AngularJS, MVC, Web API.

### Point of Sale (POS) and ERP Windows Application Enhancement

2021 – 2022

- Contributed to the development of a Windows-based POS and ERP application using C#, .NET 4.5.2, WinForms, and SQL Server 2014. Designed and implemented financial statement and reporting modules, ensuring efficient data processing and user-friendly interfaces. Responsibilities included code implementation, testing, and bug fixing, utilizing LINQ and Crystal Reports for seamless database integration and customizable report generation.

## COURSES

### The Complete Full-Stack Web Development Bootcamp Udemy

2025 – present

Completed a Full-Stack Web Development Bootcamp, mastering HTML, CSS, JavaScript, React, Node.js, SQL, and PostgreSQL through hands-on projects and real-world applications.

### Dot Net Core - React JS training

2024 – 2024

Mastered full-stack development through .NET Core and React JS training, focusing on RESTful APIs, modern UI design, and scalable web application architecture.
