**Hi Sir/ Madam,**

I am writing to express my interest in the **Java Backend Developer** position at your organization. With **3+ years of experience** as a Software Developer, I have honed my skills in designing and deploying scalable backend applications, making me well-suited for this role.

In my previous roles, I worked extensively with **Java EE** and **Spring frameworks** like (Spring Boot, Spring MVC, Spring Data JPA, Spring Security, Spring Batch) to build robust **RESTful APIs** and **microservices** architecture while prioritizing performance, scalability, and security.

I possess a solid understanding of **database management systems** such as PostgreSQL, Oracle, and MySQL. My proficiency with advanced SQL allows me to manage complex database schemas effectively. Additionally, I am comfortable utilizing tools like **Jasper Reports, Git, Postman, Swagger, JProfiler** and others to streamline development workflows.

I am excited about opportunities that align with my passion for developing **innovative software solutions** that enhance user experiences. I would welcome the chance to contribute my expertise and enthusiasm to your team.

Thank you for considering my application. I look forward to the opportunity to discuss how my skills and experience can add value to your organization.

Best wishes,

**Ravikiran Chavan**
