## Summary

---

As a BCA graduate with a strong foundation in computer science, I am eager to embark on a challenging career as a Python Developer. Offering a solid understanding of programming concepts and hands-on experience in Python, I am ready to contribute my skills in developing efficient and scalable software solutions.

## Technical Skills

---

- **Programming Languages:** Python, JavaScript, HTML, CSS, SQL
- **Frameworks:** Django
- **Databases:** MySQL
- **Tools:** MS Excel, VS Code
- **Version Control:** Git, GitHub

## Certification:

---

### Python Full Stack Development

Jason School, Baner.

## Projects:

---

### Student Study Portal :

**Technologies:** Django, HTML, CSS, JavaScript, SQLite, Python, Crispy\_Forms.

This Project Developed a comprehensive student study portal using Django to streamline academic tasks and resources. The platform features modules for managing homework, notes, and to-do lists, helping students organize their studies efficiently. The project follows Django's MVC architecture, utilizing models to handle user-generated content and templates for rendering dynamic data.

### Online Booking Furniture Store Website:

Developed an **Online Furniture Booking Store** using **Django** (Python) for the backend and **HTML/CSS** for the frontend. The platform allows users to browse, filter, and book furniture online, with secure payment processing (via Stripe/PayPal), shopping cart functionality, and customizable delivery scheduling. Integrated user authentication, dynamic product catalogs, and an admin panel for managing inventory and orders. Ensured a responsive design, providing a smooth and accessible experience across both desktop and mobile devices.
