## Objective

Creative UI/UX Designer and Frontend Developer with 3+ years of experience in user research, user-centered design, and responsive web and mobile applications. Skilled in React, Angular, React Native, HTML5, CSS3, JavaScript, and UI frameworks like Material UI and Bootstrap. Experienced in translating Figma designs into production-ready code and creating intuitive user interfaces across all devices.

## Experience

### Nityo Infotech – UI/UX Developer (July 2025 – Present)

Designed user-friendly pages in Figma, developed responsive interfaces using React, Angular, JavaScript, and Bootstrap. Ensured design consistency throughout project lifecycle.

### Infotrack Telematics – UI/UX Developer (Nov 2024 – May 2025)

Designed Figma pages, developed responsive UIs using React, Angular, and Material UI. Created 2D visuals in PowerPoint and maintained consistency using Adobe tools.

### Talpeo – Junior Software Engineer (May 2022 – Oct 2024)

Designed UIs in Figma aligned with client goals and developed cross-platform UIs using React, React Native, and JavaScript. Integrated RESTful APIs for dynamic functionality.

## Education

Anna University – Kongunadu College of Engineering and Technology (B.E., CGPA: 7.48)

State Board – Montfort Matric Higher Secondary School (89%)

## Technical Skills

**Languages:** HTML5, CSS3, JavaScript, XML, jQuery, TypeScript

**Frameworks/Libraries:** React, React Native, Angular, Ionic, Bootstrap, Material UI, Semantic UI, Ant Design, PrimeReact

**Design Tools:** Figma, Adobe Suite, SVGator, Photoshop, PowerPoint (2D Animation)

**Development Tools:** GitHub, npm, Bitbucket, Jira, Swagger, Postman

**Other:** Responsive Design, Cross-Browser Compatibility, Accessibility (WCAG), Code Reviews, Testing

## Projects

### Mexcelle - Project Management

(Angular, HTML5, CSS3, JavaScript, SQL, Django, Java)  
Built a responsive project management system; created wireframes and prototypes in Figma; managed GitHub version control.

### Infotrack – Healthcare MediKit Application

(Angular, Material UI, SQL, Node.js)  
Developed MediKit app for medication scheduling with automated reminders; optimized for performance and accessibility.

### JV Groups – Messaging Application

(React, React Native, PostgreSQL, Java Microservices)  
Developed WhatsApp-like cross-platform app with real-time messaging and API integration.

### De-Fiverse Crypto Application

(React, GraphQL, Java)  
Developed crypto app with MetaMask integration, currency conversion, and secure payments.

### Finmart UAE – Credit Card & Loan System

(Angular, Ionic, PostgreSQL, Java Microservices)  
Developed web and mobile app for applying and managing credit cards and loans.

### Truckworx E-commerce Platform

(Angular, Ionic, MySQL, Spring Boot)  
Built responsive e-commerce platform with Figma designs and GitHub version control.

### We-Comm Social Media Portal

(React, Django, SQL, Java)

Developed social media portal for college students with real-time features and REST API integration.

### Achievements & Certifications

- UI/UX Design with Figma — Great Learning
