PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with strong experience in building scalable web applications using Angular, React, Node.js, Express.js, ASP.NET Core, and PostgreSQL. Proven ability to design RESTful APIs, develop responsive user interfaces, and deploy applications on cloud platforms. Hands-on experience with Agile development, CI/CD pipelines, and modern AI-assisted development tools. Passionate about writing clean, maintainable code and solving real-world problems.

EDUCATION

MVJ College of Engineering

Bachelor of Engineering in Computer Science (CGPA: 8.19)

Bengaluru, IN

Dec 2021 -May 2025

Pramana PU College

State Board 12th: 79%

Raichur, IN

SRRS EM School

State Boards 10th: 86.56%

Jun 2018 – Jul 2020

Raichur, IN

Jun 2017– Apr 2018

SKILLS

Programming Languages: HTML, CSS, JavaScript, TypeScript, Angular, React, Node.js, Express.js, ASP.NET Core, Python. | **Developer Tools:** VS Code, Jupyter, Power Bi, GitHub, GitLab, Visual Studios. | **AI Tools:** Cursor AI, Github Copilot, Microsoft Copilot, ChatGPT. | **Databases:** PostgreSQL, MongoDB. | **Other Soft skills:** Teamwork, Communication, Leadership, Problem-Solving.

PROJECTS

Employee Management web application | HTML, CSS, JavaScript, Node.js, Express.js, PostgreSQL, Sequelize, AWS.

- Developed a full-stack employee management system enabling CRUD operations through RESTful APIs.
- Designed a responsive frontend and implemented modular backend services using MVC architecture.
- Built secure ORM models with Sequelize and ensured efficient database transactions.
- Deployed frontend and backend on AWS Elastic Beanstalk with PostgreSQL hosted on AWS RDS.
- Configured environment variables and optimized application for scalability and production readiness.

Yaanendriya Ecommerce | Angular JS, Express JS, Node JS, PostgreSQL

- Contributed to the development of a production-level e-commerce web application (yaanendriya.in).
- Built dynamic and reusable Angular components with optimized state management.
- Integrated RESTful APIs and improved client-server data flow for seamless user experience.
- Participated in Agile sprints, performed bug fixes, and enhanced application performance.

Media Sentinel | Python, ResNet50(CNN), XAI Link.

- Developed a multi-modal fake news detection system using image and video data.
- Applied deep learning models including CNNs and transformers for improved detection accuracy.
- Integrated Explainable AI (XAI) techniques to provide transparency and interpretability of predictions.
- Focused on model accountability and user trust through explainable insights.

Plan Perfectly | HTML, CSS, MySQL, PHP, JS

- Built a web-based event management system to plan and manage weddings, birthdays, and ceremonies.
- Designed backend logic using PHP and MySQL for event data management.
- Developed responsive and user-friendly interfaces using HTML, CSS, and JavaScript.

EXPERIENCES

Software Developer Intern

SHLR Technosoft Pvt. Ltd. | Bengaluru

(Feb 2025-May 2025)

- Developed and maintained an e-commerce web application using Angular, TypeScript, Node.js, Express.js, and PostgreSQL.
- Implemented responsive UI components and optimized RESTful APIs for efficient data handling.
- Integrated GitLab for version control, code reviews, and CI/CD pipeline automation.
- Collaborated with cross-functional teams to resolve bugs and enhance overall application performance.

MERN Stack Trainee

Accio Job

(Aug 2025-Present)

- Training in full-stack web development using MongoDB, Express.js, React.js, and Node.js.
- Building scalable backend APIs and responsive frontend applications.
- Strengthening problem-solving skills through DSA practice, mock interviews, and mentorship.
- Gaining hands-on experience with Git, GitHub, and industry-standard development workflows.

Web Development Intern

Intrainz

(Dec 2023 – Feb 2024)

- Worked on multiple web development projects focusing on frontend implementation.
- Developed responsive web pages using HTML, CSS, and JavaScript.
- Gained strong foundational experience in UI development and best coding practices
