

DEEPAK UPPALA

UI/UX Designer

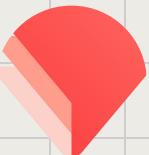

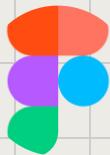

Personal Skill

Information architecture | UX research | Ui design

Color Theory & Composition | Wireframe & Prototyping

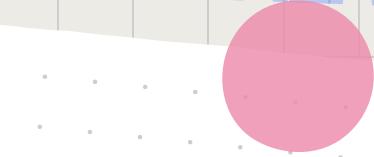

Tools

Work Experience

UI/UX Design Intern
ENut Technologies Pvt

Collaborated with fellow interns to design a recipe book layout for author Aaron Loeb, receiving direct praise for capturing his culinary vision and style.

About Me

I'm a UI/UX designer passionate about crafting intuitive, emotionally engaging digital experiences. I blend design psychology with clean layouts and branding to build apps that feel natural and scalable. With tools like Figma, Miro, and Adobe XD, I turn ideas into user-centered solutions that delight and perform.

Education

Bachelor of Computer science Engineering

Annamalai university - 2021

Certification

Elearn Infotech Jan- may (2025)
Master Course In UI/UX

Case Study

Storage rental Application

Find, book, and manage storage spaces in seconds. Whether it's extra room for your stuff or renting out unused space, our app makes it fast, secure, and hassle-free. Store smart, earn easy.
