Education

Dr Dy Patil ACS College (SPPU), Pimpri, Pune	BACHELORS IN COMPUTER APPLICATIONS (BCA)	2021 - 2026 CGPA: 8.45
Dr DY PATIL ACS ,AKURDI, PUNE	HIGHER SECONDARY EDUCATION(HSC)	2021 - 2023 Percentage: 55.83
ST.ANDREW'S HIGH SCHOOL,PUNE	SSC 10TH CLASS	Percentage :76.20

Experience

ALASKAAPP STUDIOS PVT. LTD - CLOUD DEVOPS INTERN	LINK
<ul style="list-style-type: none">Managing AWS Cloud resources (EC2, S3, VPC, Auto Scaling, IAM, etc.)Implementing CI/CD pipelines to automate application deploymentConfiguring and managing cloud infrastructureMonitoring and optimizing system performance using DevOps best practices	

Projects

END TO END DEVOPS IMPLEMENTATION – Personalized Fitness Assistant

- Developed ML recommendation system (Python/Scikit-learn) that generated 200+ personalized plans based on 5 user parameters (age, weight, goals etc.)
- Achieved 85% user satisfaction in testing with 50 participants through simple form-based input (no complex tracking)
- Integrated basic NLP chatbot using rule-based responses (no OpenAI API) that handled 20+ common fitness questions
- Tech Stack: Python, Scikit-learn (K-Means clustering), Flask, HTML/Tailwind CSS (no React), Nutritionix API

DATA ANALYSIS – SUPPLY CHAIN ,HEALTHCARE, RETAIL SALES , ZEPTO ANALYSIS, FINANCIAL DATA

- Developed a RAG-based AI system to summarize patient medical reports and highlight critical findings in simple language
- Enabled interactive Q&A on medical reports, providing insights about conditions, medications, and suggested tests
- Provides recommendations for the best hospitals in your city for a particular disease, along with estimated treatment costs
- Offers home remedies, lifestyle suggestions, symptom-based risk alerts, and personalized treatment recommendations for patients
- Tech Stack: Python, Flask, React.js, Tailwind, LangChain, Hugging Face Models, FAISS, Healthcare datasets

GENAI AUTOMATION BOT -- N8N POWERED TASKS AUTOMATION

- Added hashtag & emoji generation, multi-language support, and plagiarism-free rewriting to improve engagement by 40%
- Helps users gain more reach and visibility by generating context-aware, audience-targeted post variations
- Tech Stack: Python, Flask, React.js, Tailwind, LangChain, Hugging Face Models, FAISS

Technologies

Languages: C++, C, Python, SQL

TOOLS & TECHNOLOGIES: PowerBi, GenAi, N8N Automation ,PromptEngineering ,Data Analysis

CLOUD & DEVOPS: Kubernetes, Docker, Terraform, Jenkins, CI/CD, Aws,Azure,Linux, Git & Github

CoreSubjects: Computer Networks, Database Management Systems, Object-Oriented Programming, Operating System

Achievements and Certifications

- Mlops Certified Professional - KodeKloud
- AWS Certified Cloud Practitioner –Validated understanding of AWS cloud fundamentals, billing, security, and architecture
- Oracle Cloud Professional
- Oracle GenAi Professional
- Hacker Rank Certified SQL
- Oracle Certified Devops Professional
