Skills

Operating Systems: Linux, Unix, splunk

Programming Languages: Java, sql

Web Technologies: JavaScript, Springboot,Microservices, PLSQL PostgreSQL

Languages

English

Hindi

Objective

SQL/PLSQL ,MS-SQL Developer with 3 years of experience in designing and optimizing databases, developing ETL pipelines, and providing L2/L3 production support for business-critical applications. Skilled in SQL, PostgreSQL, PL/SQL, Java, data modeling, and scripting (Python, Unix), with hands-on experience in ETL tools (Informatica, SSIS, Datastage). Adept at troubleshooting, performance tuning, and delivering reliable data solutions to improve efficiency and support organizational growth.

Experience

- | | | |
|---|-----------|--------------------|
|  | Cognizant | Jun 2023 - Present |
|---|-----------|--------------------|
- Programmer Analyst
- Project:WELLS FARGO.
 - Provided L2/L3 Production Support for ETL workflows (Informatica), resolving job failures, performing RCA, and ensuring smooth batch execution across environments.
 - Developed and optimized Oracle SQL queries for data validation, reconciliation, and issue debugging, including complex joins, subqueries, and analytic functions.
 - Utilized Unix/Linux commands and shell scripts for log analysis, automation of daily checks, and monitoring ETL batch processes.
 - Worked with scheduling tools for job monitoring, reruns.
 - Demonstrated strong technical foundation in Cloud Computing (IaaS, PaaS, SaaS) with hands-on experience in Oracle SQL/PLSQL, UNIX, and key Oracle Database concepts, supporting critical operations in 24/7 environments.
 - Participated in requirement analysis, impact assessment, and preparation of technical design/specification documents for enhancements and new ETL components.
 - Collaborated with cross-functional teams to support code deployments, testing, and implementation, ensuring stable and reliable data workflows across distributed systems.
 - Developed and optimized complex SQL, MS-SQL queries, views, and functions in PostgreSQL for high-performance data retrieval.

Cognizant	Nov 2022 -
Programmer Analyst	March 2023
Project	
• Gained strong experience with MSSQL ,SQL in analyzing, extracting, and transforming large datasets.	
• Worked on data modeling, building ETL,SSIS pipelines to support migration activities.	
• Utilized multiple query languages including SQL, PL/SQL, DDL, SparkSQL, and Scala for reporting and transformation.	
• Provided functional support for Oracle ERP Finance modules, including GL, AP, AR, ensuring smooth business .	

Education

SVCE womens college Tirupati	2022
Bachelor of technology in Computer science	
8	

CERTIFICATIONS

-  ITIL Certification
-  Oracle sql database certification

PERSONAL INFORMATION

-  Father Name: Pujari Ramachandriah
-  Nationality : Indian
-  Date of Birth : 18-06-2001
-  Gender : Female
-  Marital status : Single
-  Passport:Available
