## Career Objective

Motivated MCA graduate with strong knowledge of Core Java, OOP concepts, and JDBC. Experienced in developing Java-based applications and implementing database-driven solutions. Seeking a Java Developer role to apply my skills and grow professionally.

## Education

### Master of Computer Applications (MCA)

G H Raisoni University, Amravati | 2023-2025

CGPA: 7.94/10

## Technical Skills

- Programming Languages: Java (Core & Advanced) — including Collections Framework, Exception Handling, File Handling
- Front-End Technologies: HTML, CSS, JavaScript
- Databases: Oracle, SQL (Queries, Joins, CRUD), PL/SQL
- Development Tools: IntelliJ IDEA, Eclipse
- Other Skills: JDBC, Object-Oriented Programming (OOP)

## Projects

### Smart Parking System

Tech Stack: Java, JDBC, Oracle Database

- Developed a desktop-based Smart Parking System to manage parking operations efficiently.
- Created a user-friendly interface for slot management, booking, and dashboard operations.
- Implemented parking slot availability, booking confirmation, and time-based billing logic.
- Integrated JDBC to connect with Oracle Database and perform CRUD operations.
- Followed Object-Oriented Programming (OOP) principles and modular coding practices for maintainability.

## Internship

### Java Developer Intern | Rent Mart-It Services, Nagpur

June 2025 – Aug 2025

- Developed and enhanced modules for a Java-based application to automate internal workflows.
- Implemented database operations using JDBC to interact with Oracle Database.
- Wrote and executed SQL queries to perform CRUD operations on application data.
- Assisted in writing basic PL/SQL logic for data processing and validation.
- Applied Object-Oriented Programming (OOP) principles to create modular and maintainable code.
