## SUMMARY

Self-motivated MERN Stack Developer with hands-on experience building full-stack projects using React.js, Next.js, Node.js, Express.js, and MongoDB. Strong understanding of UI development, API integration, authentication, and responsive design using Tailwind CSS. Seeking an entry-level MERN role to apply problem-solving and clean-code skills in real-world applications.

## SKILLS

**Frontend:** React.js, JavaScript (ES6+), Redux Toolkit, Tailwind CSS, HTML5, CSS3

**Backend:** Node.js, Express.js, REST APIs, JWT Authentication

**Database:** MongoDB

**Tools:** Git, Postman

**Practices:** Clean Code, Component-Driven Development, Responsive UI

## PROJECTS

### EcoTrack Waste Management App (MERN)

- Developed dashboard UI and location-based waste reporting using React and Tailwind CSS.
- Built REST APIs with Express.js and MongoDB for report submission and data tracking.
- Implemented user authentication and protected routes using JWT.

### ShopKart E-Commerce Platform (React js, Nodejs)

- Created product listing, filters, cart management, and dynamic routing using Next.js.
- Integrated backend APIs for products and orders with Redux Toolkit for state management.
- Improved performance using SSR, SSG, and optimized component rendering.

### TaxEase Multi-Step Form System (React, Redux Toolkit)

- Designed multi-step form wizard using React Hook Form with custom validation.
- Managed complex form state and API submission using Redux Toolkit.
- Refactored UI into reusable components for improved maintainability.

## EDUCATION

### Savitribai Phule Pune University

*M.Sc. in Chemistry (CGPA: 6.8 / 10)*

2022 – 2024

Pune, India
