

# Rushikesh Raut

## SKILLS

### Front-end

- React.js, NEXTJs, NEST Js, Redux, Context API
- Javascript, HTML5, CSS3, Bootstrap
- Material UI, Chakra UI, Core UI Library

### Back-end

- Node.js, Express.js
- RESTful APIs, S3 Bucket, JWT Authentication

### Databases

- MySQL, MongoDB

### DevOps & Tools

- Docker, GitHub, Git, GitHub Actions
- CI/CD, AWS, EC2, Agile Methodologies

### Other Technologies

- Performance Optimization
- Lazy Loading, Code Splitting
- Web Security

## Full Stack Developer

 rushikeshrautk7@gmail.com

 +918180957047

## SUMMARY

Results-driven Full Stack Developer with 2 year 6 months of experience in designing and developing scalable, high-performance web applications. Proficient in React.js, Node.js, Nextjs, MySQL, JavaScript, and Docker, with expertise in Redux, JWT authentication, API integrations, and CI/CD pipelines. Adept at optimizing front-end performance, ensuring secure back-end architecture, and collaborating with cross-functional teams to deliver user-friendly, responsive applications. Passionate about clean code, scalability, and performance optimization.

## EXPERIENCE

### Full Stack Developer

04/2025 - 09/2025

[The Strelema](#)

Pune

- Built and maintained **full-stack applications using Nextjs, React.js, Node.js, Express.js, MySQL, and MongoDB**.
- Developed responsive UIs, integrated APIs, and implemented real-time chat with **Web Sockets supporting 5,000+ users**.
- Created PDF/Excel reporting tools, optimized queries, and **improved API response time by 35%**.
- **Deployed and managed apps on AWS EC2 & S3**, ensuring secure authentication with **JWT**.
- Collaborated across teams, ensuring smooth frontend-backend integration and scalable solutions.

### Associate Software Developer

11/2023 - 03/2025

[Tekhnologia Innovations India Pvt. Ltd.](#)

Pune

- Designed and developed end-to-end web applications using **Nextjs, React.js, Node.js, and Nest Js**, delivering responsive, SEO-friendly, and scalable solutions.
- Implemented **JWT-based authentication**, role-based access control, and advanced security measures, minimizing unauthorized access and strengthening data protection.
- **Optimized database queries (MySQL, MongoDB)**, achieving a **30%+ reduction** in response times and improving API performance through indexing and caching strategies.
- **Integrated Razorpay Payment Gateway**, enabling secure, seamless online transactions and supporting multiple payment methods with real-time transaction status updates.
- Built reusable UI components and dynamic pages with Next.js, improving development speed and enhancing user experience with **server-side rendering (SSR)** and static site generation (SSG).
- **Automated deployments through CI/CD pipelines (Git, Docker, AWS EC2)**, reducing downtime and ensuring faster release cycles.
- Led debugging, troubleshooting, and performance tuning, improving system stability and reducing critical bugs in production.
- Collaborated with cross-functional teams to integrate APIs, manage version control, and deliver high-quality features aligned with business needs.

### React Js Developer

03/2023 - 10/2023

[Ognitive Solutions Pvt. Ltd.](#)

Amravati

- Designed and implemented responsive **UIs using React.js**, optimizing component reusability and performance.
- **Integrated Redux for state management**, reducing API calls by **40%** and improving app speed.
- Worked closely with designers and backend teams to ensure a smooth user experience.
- Conducted code reviews and implemented best practices to maintain high-quality standards.

## PROJECTS

### E-Commerce Dashboard

- Developed an admin dashboard using React.js, Node.js, and MySQL, ensuring a seamless experience for managing orders, users, delivery and invoices.
- Integrated JWT authentication, enhancing security.
- Optimized database queries, improving data retrieval speed by 35%.

### EdTech Learning Platform

- Built a responsive learning management system using React.js, allowing students and instructors to engage efficiently.
- Implemented lazy loading and code splitting, reducing initial page load time by 50%.
- Designed RESTful APIs for handling course content and user authentication.

## EDUCATION

### Bachelor Of Engineering

2016 - 2020

[SGBAU University \(7.89\)](#)

Amravati

## CERTIFICATIONS

- React.js Advanced Development – Udemy
- Node.js Backend API Development – Coursera
