

Seeking a role in a dynamic company where I can contribute my ideas and be mentored toward a successful career. Aspire to bring innovation and dedication to the team, fostering an environment of growth and success

SUMMARY

I have proficiency in multiple programming languages, including C, Python, and Java.

- Proficient in C programming, with a strong understanding of system-level development and memory management.
- Basic knowledge in Python.
- Java has been essential for building object-oriented applications, particularly in enterprise-level software development, where scalability and performance are key.
- Built iOS UI components and screens using SwiftUI, focusing on responsive and adaptive layouts.

TECHNICAL SKILLS

Programming Languages

C Programming, Python, Java, SwiftUI

EXPERIENCE

FOOD DELIVERY WEB APP(INTERNSHIP)

05-06-2025 - 05-07-2025

- Designed and developed a responsive food delivery web application with a focus on user-friendly interface and seamless navigation.
- Built dynamic menu selection and real-time cart management using efficient DOM manipulation techniques.
- Ensured clean, maintainable code with a mobile-responsive layout for a smooth user experience across devices.

SKILLTRONICS(INTERNSHIP)

27-11-2023 - 02-12-2023

- I learned how to work with the Arduino board, including setting it up and programming it to interact with various sensors.
- This involved connecting different types of sensors, such as temperature, motion, and light sensors, to the board, and writing code to process and respond to sensor data. It's a hands-on way to explore electronics and embedded systems.

PROJECT

CSP and SOC

The "CSP and SOC" project focuses on college surveillance systems, where CSP (Campus Security Protocol) and SOC (Security Operations Center) are integrated to enhance safety. The project involves setting up a network of surveillance cameras and sensors, which are monitored in real-time through a centralized control system to ensure campus security and prompt response to any incidents.

ACADEMIC QUALIFICATIONS

B.Tech in Electronics and Communication Engineering

Sri Vasavi Engineering College,Tadepalligudem

7.47 CGPA (Till 6th Semester)

2022 (pursing)

Intermediate(Maths, Physics, Chemistry)

Sasi New Gen Jr College, Velivennu

865/1000

2020 – 2022

SSC

Bhashyam English Medium School, Tanuku

10/10 CGPA

2020
