- Tools: VS Code, Eclipse, PL/SQL, Spring Tool Suit, XAMPP, Git

### PROFESSIONAL EXPERIENCE

#### Jr Software Engineer

April 2024 - Present

- Contributed to the creation and enhancement of web applications 40% using Java, JavaScript, and Angular.
- Architected and deployed RESTful APIs 20% to enhance system integration.
- Worked with MySQL and PostgreSQL 15% for efficient data storage and retrieval.
- Used Git 10% for version control and collaboration with the development team.
- Followed clean coding practices 10% to write maintainable and scalable code.
- Participated in Agile/Scrum processes 5%, including sprint planning and code reviews.

#### Trainee Software Engineer

July 2023 - April 2024

- Created a responsive healthcare management system 40% with Angular for the frontend.
- Built secure and scalable REST APIs (25%) using Java.
- Implemented authentication and authorization 20% to ensure patient data security.
- Designed a report visualization system 15% for test results using HTML, JavaScript, and CSS, enabling seamless daily updates for team members.

### PROJECTS

#### SugarErp | Java, Angular

August 2023 - Present

- Developed and enhanced SugarERP modules leveraging Angular, JavaScript, and jQuery.
- Created dynamic UI components using Angular and jQuery for ERP dashboards.
- Optimized PL/SQL stored procedures, triggers, and functions to streamline data processing and system performance.

#### Global Healthcare | Java, Angular, MySQL

February 2023

- Built and supported web applications for the global healthcare sector.
- Created responsive UI using HTML, CSS, and JavaScript, and integrated it with backend services.
- Implemented Java-based REST APIs for seamless data communication.
- Managed MySQL databases, creating optimized queries and stored procedures for handling healthcare records.

### EDUCATION

#### Msc(Computer Application)

August 2023 - September 2025

Savitribai Phule Pune University

Pune Maharashtra

### CERTIFICATION

- Java Full Stack Development
- Programming Fundamentals
- Field Technician Networking And Storage
-
