

# SAURABH SALUNKE

## POWER BI DEVELOPER

9325988713

PUNE, India

Saurabhsalunke2025@gmail.com

### PROFILE SUMMARY

Power BI Developer with 1 year of hands-on experience in creating interactive dashboards, data models, and insightful visual reports. Proficient in Power BI, DAX, SQL, and Excel, with a strong ability to turn raw data into clear business insights. Aiming to support organizational goals by delivering actionable insights from complex data.

### SKILLS

- ◆ Power BI Desktop
- ◆ Power BI Services
- ◆ Power Query Editor
- ◆ Power BI Dashboards
- ◆ Data Modeling
- ◆ Snowflakes Schema
- ◆ DAX Queries
- ◆ Data Warehousing
- ◆ Report Optimization
- ◆ ETL
- ◆ SSAS, SSIS
- ◆ Data Cleaning
- ◆ OLAP / OLTP System
- ◆ SQL(Structured Query Language)
- ◆ Python
- ◆ EDA
- ◆ Statistical Analysis
- ◆ Advanced Excel
- ◆ Pivot Tables

### TECHNICAL EXPERTISE OVERVIEW

- Expertise in working in challenging environments with restricted timelines
- **Team player** with good analytical and problem-solving skills.
- Expertise in Creating dashboards and interactive visuals.
- Developed **interactive dashboards and visual reports** in Power BI to track business performance and KPIs.
- Built **data models** using relationships, hierarchies, and calculated tables for efficient reporting.
- Created **custom DAX measures and calculated columns** for advanced analysis.
- Performed **data cleaning and transformation** using Power Query.
- Optimized report performance using **query folding, data compression, and model simplification**.
- Published and managed reports in **Power BI Service**, connected to **SQL databases, Excel files, APIs, and cloud storage**.
- Proficient in **advanced Excel functions** such as **VLOOKUP, INDEX-MATCH, SUMIFS, COUNTIFS**, and built **PivotTables and dashboards**.
- Automated Excel reports using formulas, **conditional formatting**, and **data validation** to improve accuracy and save time.
- Wrote **SQL queries** with **JOINS, subqueries, CTEs**, and worked with **stored procedures and triggers** for efficient data retrieval.
- Performed **SQL optimization and normalization** to enhance performance and maintain data integrity.
- Used **Python (Pandas, NumPy)** for data analysis, manipulation, and automation tasks.
- Created data visualizations using **Matplotlib and Seaborn** for clear insight presentation.
- Applied **statistical methods** (t-tests, ANOVA, distributions) and **regression analysis** for predictive modeling.
- Automated reporting processes across tools, ensuring timely delivery and minimizing manual efforts.
- Strong understanding of **BI best practices, KPIs**, and data-driven decision-making.
- **BI Developer** with **1 Years** of development experience in **Microsoft Power BI tool**

## WORK EXPERIENCE

### iControlify Technologies Pvt Ltd, Pune

02/2024 - 12/2024

Project: RetailNova BI – Supermarket Sales & Performance Dashboard

Domain: Retail Analytics

Role and Responsibilities:

- Created, analyzed, and distributed ongoing reports by transforming multiple datasets into valuable and interactive insights for key stakeholders.
- Collaborated with the design and analysis teams to understand business requirements and report complexity.
- Developed complex reports, dashboards, and DAX queries to meet business intelligence needs.
- Supported all stages of testing, including SIT (System Integration Testing) and UAT (User Acceptance Testing).
- Designed, developed, and implemented end-to-end BI solutions.
- Evaluated, maintained, and improved existing BI systems for better performance and usability.
- Built insightful BI reports to monitor and highlight financial and operational variances, assisting executives in strategic decision-making.
- Participated in planning and managing dashboard updates resulting from new or improved business processes.
- Provided ongoing support to end users and leadership for Power BI dashboards and other BI tools.
- Demonstrated a strong willingness to learn and adapt to unfamiliar processes with an open-minded and collaborative approach.

## EDUCATION

### MBA in Business Analytics and Finance

Savitribai Phule Pune University

Completed: 2023 | CGPA: 7.1 / 10

### BCA (Bachelor of Computer Applications)

Savitribai Phule Pune University

Completed: 2021 | Percentage: 69%

## LANGUAGES

Hindi, English, Marathi

## DECLARATION

"I hereby declare that the above-mentioned details are true and correct to the best of knowledge and belief."
