PROFESSIONAL SUMMARY

.NET Developer with 2.4 years of experience building scalable, high-performance web applications. Proven expertise in backend development using ASP.NET Core, C#, and SQL Server, complemented by frontend skills in JavaScript, jQuery, and Bootstrap. Successfully delivered financial and capital market solutions, optimizing databases and automating workflows. A collaborative team player passionate about clean code, performance, and solving complex business problems. Available to join immediately.

TECHNICAL SKILLS

Backend:

ASP.NET Core, ASP.NET MVC, C#, .NET Framework, Entity Framework Core, REST API

Frontend:

HTML5, CSS3, JavaScript, jQuery, AJAX, Bootstrap

Databases:

Microsoft SQL Server, Stored Procedures, Query Optimization

Tools & Methods:

Git, Visual Studio, SDLC, Agile/Scrum

Domain Experience:

Financial Services, Capital Markets

PROFESSIONAL EXPERIENCE

CMOTS Internet Technologies Pvt. Ltd. — **Mumbai** Software Developer (.NET) — July 2023 – Present

Develop and maintain full-stack web applications for financial services clients, focusing on backend architecture, database performance, and user-centric features.

Key Projects & Contributions:

• Capital Market Platform Redevelopment:

- Redesigned the platform's UI/UX, improving navigation and user engagement in the Market section
- Developed key modules including Company Info, Directory, and Subscription pages
- Built a Fixed Income (FD/RD) module using optimized SQL stored procedures, enabling automated daily data updates
- Implemented feature to transfer companies/transactions between portfolios with advanced filtering
- Created bulk stock transaction entry and Historical Holdings pages, reducing manual data processing time
- Developed a complete Mutual Fund module with SIP bulk uploads, Buy/Sell interfaces, and dashboards
- Integrated XLS/PDF report export functionality across Equity, Currency F&O, and Bond modules

- **Anand Rathi Global Finance Project:**

- Developed financial modules for client onboarding, mutual fund transactions, AIF performance, and derivatives management
- Automated critical workflows for SIP processing, capital calls, and F&O margin checks, enhancing operational efficiency
- Streamlined backend data operations by writing and optimizing complex SQL stored procedures, improving data accuracy and processing speed

- **Additional Contributions:**

- Maintained and enhanced codebases for 5+ projects including Arihant Capital, Compendium, and E-Magazine, ensuring system reliability and implementing new backend integrations

EDUCATION

Bachelor of Science in Information Technology

Laxman Devram Sonawane College (L.D. College), Kalyan

Grade: 8.72/10 CGPA
