PROFESSIONAL SUMMARY

Computer Science Engineering student who genuinely enjoys building clean, responsive, and user-friendly web interfaces. I have hands-on experience through academic work, self-driven learning, and real-world projects, where I've worked with **HTML, CSS, JavaScript, React.js, and WordPress (Elementor Pro)**. I like turning UI/UX ideas into working websites that feel smooth and intuitive to use. I'm looking for a **Full-Time Frontend/Web Developer role** where I can keep learning, contribute meaningfully to real projects, and grow alongside an experienced engineering team.

SKILLS

- **Frontend:** HTML, CSS, JS, React.js, Tailwind CSS, jQuery, Bootstrap, and WordPress Elementor Pro
- **Backend:** Basic PHP, Next.js, Python
- **Tools:** Git, GitHub, VS Code, XAMPP.
- **UI/UX & Design:** Responsive Design, Adobe Photoshop, Canva, Three.js

EDUCATION

INTERNSHIP EXPERIENCE

WordPress Developer Intern | MBG Card | Nov 2025

- Developed and launched **3+ live, responsive client websites** (e.g., Iqbalia Junior College, Panchphoron Kitchens) managing the full project lifecycle using **WordPress & Elementor Pro**.
- Customized themes, integrated essential plugins (forms, SEO), and ensured **100% mobile-responsive design**, leading to positive client feedback.

Frontend Developer Intern | Coding Nectars Pvt Ltd | Gurgaon / Jun 2025

- Built **2+ live, responsive client clones** of Archidron and Ratio from Adobe XD mockups using **HTML, CSS, JavaScript, and jQuery**.
- Implemented interactive features like **Owl Carousel** and adhered to **mobile-first design principles**, achieving a near-identical match to original designs.

Frontend Developer Intern | Innomatics Research Labs | Jan 2025

- Contributed to improving UI consistency and component reusability across web applications using **React.js and Tailwind CSS**.

PROJECTS

Live Client Websites (Frontend)

- **Archidron** [<https://frontend-interns.vercel.app/#>] & **Ratio** [<https://ratio-clon.onrender.com>]: Built pixel-perfect, fully responsive client clones entirely from scratch using **HTML, CSS, and JS**.

Live Client Websites (WordPress)

- **Iqbalia College** [<https://iqbaliajuniorcollege.in>] & **Panchphoron Kitchens** [<http://panchphoronkitchens.com>] & **Sethi Financial Planners** [<http://SethiFinancialPlanners.com>]: Developed and launched **3+ live responsive client websites** with custom layouts and integrated contact forms.

Coaching Institute Management Portal (PHP/MySQL/JS)

- Developed a **full-stack portal** facilitating student-faculty interaction and digital attendance tracking.
- **Impact:** Boosted student engagement by **25%** by centralizing real-time resources.

Srishti – AI-Powered Voice Assistant (Web Speech API)

- Engineered a voice-controlled application enabling **hands-free search/navigation; enhanced user accessibility by 30%**.

Interactive 3D Portfolio Website (React.js/Three.js)

- Designed an immersive portfolio featuring **3D models and smooth animations; increased project visibility and user engagement by 40%**.

TodoMaster – Task Management System (Next.js/PostgreSQL)

- Built a **full-stack task manager** with secure login, admin/user roles, and **responsive frontend UI** for complete CRUD operations.
