## PROFESSIONAL SUMMARY

---

Results-driven .NET Developer with 1.5 years of hands-on experience in designing, developing, and maintaining web applications using C#, ASP.NET Core, MVC, Web API, and Entity Framework. Proficient in SQL Server, LINQ, and RESTful API development, with a strong focus on clean code, scalability, and performance optimization. Experienced in implementing authentication and authorization (JWT, Identity), consuming third-party APIs, and working with front-end technologies such as JavaScript, HTML, CSS. Passionate about delivering high-quality software solutions and continuously improving technical and problem-solving skills.

## TECHNICAL SKILLS

---

- **Programming Languages:** C#, JavaScript, HTML, CSS
- **Frameworks & Technologies:** .NET, ASP.NET MVC, ASP.NET Core, .Net Framework, WEB API, LINQ, AWS
- **Tools:** Visual Studio, Microsoft Sql Server, ServiceNow,

## EDUCATION

---

**AGI-Anurag Group Of Institutions** 2018 – 2021  
B.Tech - Electronics and Communication Engineering Hyderabad, India

## PROFESSIONAL EXPERIENCE

---

**Wipro Limited** December 2021 - December 2023  
**Project Engineer - .NET Developer** Hyderabad, Telangana

- Collaborated on the development and maintenance of an Online Banking System application.
- Designed and implemented login and registration pages for user authentication.
- Developed features for transaction management, including account information, deposits, and withdrawals.
- Created a user-friendly interface for retrieving customer-related details and maintaining data integrity.
- Facilitated account management operations like addition, modification, and deletion of customer accounts.
- Participated in writing functional test cases to ensure feature functionality and quality.

**CAREER GAP:** JAN 24- present  
**Reason—** I have a plans to go US for Higher studies but my visa application application got rejected.

- Focused on enhancing technical skills in .NET Core, C#, SQL, WEB API, LINQ, AWS
- Built a practice projects demonstrating MVC, JWT, and REST APIs.
- Strengthened problem-solving skills through daily coding practice and mock interviews.
- Completed multiple personal and guided projects, including a Shopping Cart Application
- Continued professional development through online courses and coding challenge.
- Completed Udemy certifications in .NET Core and Angular
- Completed Certification in AWS from frontlines Media

## PROJECTS

---

### Client Project:

#### **Airline Management Project** -ServiceNow Ticket tool

**March 2023**

- Supported critical operations for Canada's second-largest airport authority, ensuring seamless system functionality.
- Resolved over 500 tickets with a 95% first-call resolution using **ServiceNow**.
- Successfully managed 200+ change requests with zero post-deployment errors.
- Reduced application downtime by 40% through proactive monitoring and rapid incident response.
- Increased customer satisfaction by 20% with timely resolutions and support
- 

#### **Shopping Cart Application** ASP.Net MVC, SQL Server, HTML, C#

**May 2024**

- Built a shopping cart platform with advanced item management features, improving user engagement by 25%.
- Designed efficient product categorization for seamless navigation, boosting product visibility by 30%.
- Secured user data with robust login and registration mechanisms, decreasing unauthorized access attempts by 40%.

## ACHIEVEMENTS

---

- Delivered essential support for critical airport systems, ensuring high uptime and reliability.
- Developed innovative applications that enhanced user experience and operational efficiency.
