

SHREE SHETTY

JAVA BACKEND DEVELOPER

SUMMARY

Full-Stack Java Developer with expertise in building modular and scalable e-commerce platforms. Skilled in Java, Spring Boot, REST APIs, JWT Authentication, React.js, and MySQL. Experienced in designing secure authentication, payment gateway integration, and managing full project lifecycles with optimized backend and intuitive frontend interfaces.

EDUCATION

Tontadarya college of Engineering

Bachelor's Degree in Computer Science and Engineering

Gadag

2021-25

CGPA: 8.6

Sanmarg PU College

Gadag

2019-2021

Percentage: 79.49

SKILLS

- Java
- MySQL
- JDBC
- Spring Boot
- Docker
- OOPs
- Hibernate
- Postman
- DBMS
- Git
- Javascript(basic)
- Collections
- Eclipse
- HTML
- Maven
- RESTful APIs

INTERNSHIP

(OCT 2023 - NOV 2023)

Web Application Development – Java & Bootstrap

- Developed and maintained dynamic web applications using Java, HTML, CSS, and Bootstrap.
- Gained hands-on experience with OOP, Git and Agile methodologies through team-based projects.

PROJECTS

Blood Bank Management System

- Developed a Java-based web app for donor registration, blood inventory, and request tracking.
- Integrated JDBC for database connectivity and secure CRUD operations.
- Designed a user-friendly interface using HTML and CSS for efficient data management.

Sales Savvy – Modular E-Commerce Platform

- Tech Stack: Java, Spring Boot, REST APIs, JWT Authentication, React.js, MySQL, Payment Gateway Integration (Razorpay)
- Developed a scalable modular e-commerce system with six microservices — Authentication, User, Product, Cart, Order, and Payment.
- Implemented JWT-based authentication for Admin and Customer roles and built RESTful APIs for complete order workflows.
- Integrated Razorpay, Stripe, and PayPal gateways for secure online payments.
- Designed optimized database schemas and ensured smooth cart-to-payment transitions.
- Delivered a React.js frontend for seamless user experience and collaborated in an Agile environment using Git/GitHub for version control.

Calculator Pro – Spring Boot Web App

- Built a responsive calculator web application using Spring Boot MVC and Thymeleaf.
- Implemented modular service and controller layers for arithmetic operations.
- Designed a modern UI with custom CSS for clean, interactive user experience.

CERTIFICATIONS

- SQL Certification – Infosys Springboard
- Java Full Stack Development Training – KodNest Technologies
- Participated in the National level hackathon held in the year 2024
