Objective:

Java Full Stack Developer with hands-on experience in building web-based applications using Spring Boot, Hibernate and SQL. Eager to contribute to innovative software development projects in a collaborative team environment.

Education:

KLS Vishwanathrao Deshpande Institute Of technology,Haliyal
Bachelor of Engineering in Electronics and Communication.

(2020-2024)
CGPA: 6.96/10

Technical Skills:

Core Java:

- Proficient in Abstraction, OOP's Concepts and Exception handling.
- Good in Collection topics.

JDBC:

- Confident in Prepared Statements, Statements and Connectivity.
- Skilled in Result set handling, Driver Manager and Transaction Management.

Oracle SQL:

- Capable of working on DDL, DML, DQL, DCL, TCL, Normalization and Joins.
- Potential in Handling Sub Queries and Complex Query.

Server-side Technologies:

- Worked with Servlets, Apache API, and Tomcat to handle HTTP requests and build web-based backend logic.
- Used JSP (JavaServer Pages) to render dynamic HTML content and integrate frontend with backend data processing.

Persistence Technology:

- Implemented database operations using JDBC for direct SQL interaction and custom query handling.
- Utilized Hibernate with JPA to perform object-relational mapping, automate CRUD operations, and manage entity relationships efficiently.

Application Frameworks:

- Spring, Spring Boot.

Tools & Platforms:

- Postman, Eclipse IDE, MySQL Workbench,IntelliJ IDEA, Git, VS Code.

Internship Experience:

Full Stack Developer Intern - Bravery Engineering and Service Private Ltd

March 2025 - Present

- Learned and worked on basic web development using HTML, CSS, JavaScript, and Java.
- Helped in building small features and fixing minor bugs in the project.
- Worked with MySQL to add, update, and fetch data for the application.
- Supported the team by testing features and understanding how real projects work.

Full Stack Development at Prinston Smart Engineers

February 2024

- Gained experience with HTML, CSS, JavaScript for frontend and Java for backend.
- Contributed to a Hotel Management System project using OOP concepts.
- Explored JDBC for database connectivity and used Servlets & JSP in web apps.

Technical Projects:

Vehicle Inventory System

- Developed a Vehicle Inventory System that allows users to add, update, delete, and fetch car details through an intuitive web interface.
- Created functionality for adding new cars to the inventory, allowing administrators to input car details via JSP forms and store data in the MySQL database.
- Used Servlets to handle business logic, processing user requests for adding, updating, deleting, and viewing car details.

Shopping Cart Management System

- Recently I had an opportunity to apply my technical skills in a project during my Java Course in JSpiders. I built a shopping cart.
- Built functionality to dynamically manage cart items and simulate user shopping flow. I used server-side technologies such as Hibernate technology to connect with the Database.

Academic Project:

IOT Based Smart Agriculture Stick

- Developed a smart agriculture system to detect rain, soil moisture, and animal intrusion using multiple sensors integrated with Arduino
- Triggered buzzer and alerts to prevent crop damage from animals using PIR sensor and real-time notifications.
- Reduced water wastage and prevented crop damage through automated notifications and buzzer alerts.

Certifications:

- Certified as Java Full Stack Developer from Jspider, Bangalore.
- Completed One month of workshop on Java Full Stack Development in GTTC Hubli.
- Completed Internship on Java Full Stack course in Prinston Smart Engineers.
- Successfully completed TCS ION Career Edge-Young Professional course.
- Successfully completed “Kedarkantha Trek” Altitude level of 3810M, with the certification of “A” Grade.

Soft Skills:

- Result-oriented and adaptable team player with a focus on collaborative goals.
- Ability to plan and Prioritize work to reach the dead-lines in desired standards.
- Willing to work under senior professionals, taking the feedback constructively.

Fields of Interest:

- Learning New Technologies.
- Enjoying trekking enhances my stamina and self-discipline.

Declaration:

I hereby declare that all the information is true and correct to the best of my knowledge.

Personal Information:

Mothers Name: Shaila Mithare

Date Of Birth: 24/09/2002

Permanent address : M B Nagar Koppad keri Dharwad 58000
