## Experieance

### SkySecureTechnologies Private Limited

Associate Software Engineer

September(2023)- Present

### Crecientech Infosystem Private Limited

Associate Software Engineer

April(2022)-September(2023)

## Projects

**SkySecure MarketPlace** is a product-based platform that enables businesses to automate IT solution deployment, evaluate effectiveness, and auto-correct performance gaps. It emphasizes product comparison, workflow automation, and offers a Best Price Guarantee. The platform follows a structured hierarchy with roles like:

- SuperAdmins – monitor user activity, assign leads, and track transactions
- Channel Partners & Managers – handle outreach, product oversight, and operations

Integrated with the platform is SkySecure Realize, a specialized module focused on automated software installation on PCs. It supports internal workflows like customer follow-ups, deal negotiation, and closing sales, making the entire IT procurement and deployment process seamless and efficient.

**InventFunds** is an innovative collaborative platform designed to bring software ideas to life by connecting three key roles:

- Founders – visionaries with unique software project ideas
- Funders – investors who provide the financial support needed to build those ideas
- Fixers – skilled professionals who execute the project with technical expertise

The platform ensures secure collaboration and efficient execution through key features such as:

- NDAs to safeguard intellectual property and maintain confidentiality
- Technical skill assessments to accurately match Fixers with relevant projects
- A live news feed for real-time updates on project progress, industry trends, and new opportunities

InventFunds creates a trusted space where great ideas can find the right team, funding, and execution power to become successful, real-world software products.

## Skills Set

- Html,Css,Bootstrap
- Javascript,Angular
- Ionic frameWork,TypeScript
- React Js, MongoDB,Node Js
- Python, Generative AI & Agentic AI

## Education

### MSc in Computer Science (2020)

Aaditya Degree And P.G College

### BSc in Computer Science (2018)

Aaditya Degree And P.G College
