## EDUCATION

### Asansol Engineering College

Bachelor of Technology in Computer Science and Engineering  
SGPA:8.6

Asansol, West Bengal  
Sept. 2022 – June 2026

### Rajkamal Saraswati Vidya Mandir

Senior Secondary School  
Percentage:92.8%

Dhanbad, Jharkhand  
July 2020 – May 2022

### Rajkamal Saraswati Vidya Mandir

Secondary School  
Percentage:93.6%

Dhanbad, Jharkhand  
July 2018 – May 2020

## EXPERIENCE

### Celebal Technologies

ReactJs Intern

June 2025 – August 2025  
Remote

- Currently working on 100% secure file transfer web app using **React.js** and **Socket.io**
- Implementing real-time transfer, login/signup, and responsive UI for seamless user experience
- Integrated end-to-end encryption to ensure secure transmission of files between users

## PROJECTS

### Real Estate Website | React JS, Express, Node, Prisma, MongoDB | [LINK](#) |

- Built a **full-stack real estate** platform enabling property listings, bookings
- Developed **10+ REST APIs** to handle property management, authentication, and transactions. Integrated Maps for real-time location-based search
- Implemented filtering system for properties based on location
- Reduced API response time by **40%** through caching strategies

### Real-Time-Chat-App | React JS, Express, Node, MongoDB, Socket.io ,Zustand, DaisyUI | [LINK](#) |

- Built a full-stack real-time chat application with Socket.io
- Enabled real-time bi-directional messaging and **active user tracking with Socket.io**
- Used **JWT authentication and Zustand** for global state management

### Bhopal Metro Navigator | C++ | [LINK](#) |

- Developed a C++ solution to find the shortest path between 53 Bhopal metro stations using **Dijkstra's algorithm**
- Utilized adjacency matrix for efficient graph representation and route calculation

## TECHNICAL SKILLS

**Languages:** C++, C, JavaScript, HTML, CSS, SQL

**Developer Tools:** Git, GitHub, VS Code, Postman, Thunder Client

**Technologies/Frameworks:** ReactJS, Mantine UI, Prisma, Express, Node.js, Bootstrap, Tailwind CSS, MongoDB, Cloudinary, Socket.io, Daisy UI, Zustand, MySQL

## ACHIEVEMENTS

- Solved over **1,000+ DSA problems** across LeetCode (800+), GFG (200+), and HackerRank (100+)
- Achieved a **233-day LeetCode streak** and earned **12 distinct badges**
- Attained **5-star rank** in Problem Solving on HackerRank, among top 2% globally

## CERTIFICATES

- Certification in C, C++, DSA | [LINK](#) |

## COURSEWORK SUBJECTS

- Object Oriented Programming    Operating System    Computer Network    Database Management System
