---

## EXPERIENCE

---

### Brototype

11/2024 – Present

*MERN Intern*

- Developed responsive React + Tailwind interfaces with reusable components and improved routing.
- Built secure Node.js/Express APIs with JWT authentication and MVC structure.
- Managed MongoDB databases using CRUD operations, indexing, aggregations, and data tools.
- Integrated Razorpay payments, handled Axios-based API communication, and used Git/GitHub.

### ICICI Bank

2023 – 2024

*Relationship Manager*

- Managed customer relations, resolving issues and ensuring excellent service delivery.
- Handled documentation, verification, and professional communication with clients.
- Improved customer satisfaction by maintaining accuracy, clarity, and timely responses.
- Strengthened teamwork, time management, and fast decision making under pressure.

---

## EDUCATION

---

---

## TECHNICAL SKILLS

---

### Languages

HTML, CSS, JavaScript

### Frameworks / Tools

React JS, Express JS, Tailwind  
CSS

### Platforms / Databases

Node JS, MongoDB

### Soft Skills

Communication, Critical  
Thinking, Flexibility, Problem  
Solving

---

## PROJECTS

---

### **Hotel Booking Website**

*MERN*

- Full-stack platform for room booking, authentication, search, and online payments.
- Implemented role-based login (Admin/Owner/User) and Razorpay payment integration.
- Designed reusable UI components and optimized backend performance.

### **Online Exam Practice Website**

*MERN*

- MCQ exam platform with timer, real-time scoring, and admin question management.
- Built secure APIs, optimized MongoDB schemas, and added bulk-question upload features.
