## PROFESSIONAL SUMMARY

UI/UX designer and creative production professional with experience delivering end-to-end user experiences, scalable UI systems, and production-ready prototypes. Proven ability to contribute in both team-led and independent roles, supporting cross-functional collaboration and structured execution.

## WORK EXPERIENCE

### NFleet

Sep 2025 - Present

#### UI/UX Designer

- Simplified complex fleet workflows, improving usability and reducing friction across dashboard, ERP, and form-based interfaces.
- Optimized cross-functional alignment by clarifying requirements, eliminating edge-case gaps, and enabling smoother developer handoffs.
- Ensured content and asset management while maintaining brand governance, quality assurance, and process adherence.

### TheProEducator

June 2025 - Sep 2025

#### UI/UX Designer Intern

- Worked on real client briefs to translate problem statements into intuitive interfaces, iterating designs based on usability testing and structured feedback.
- Collaborated with product managers, senior designers and marketing teams to align design decisions with business goals and platform requirements.

## PROJECTS

### Fleet Management

[View Design](#)

- Designed end-to-end UI/UX for fleet dashboards, GPS tracking screens, tyre configuration, and master forms.
- Collaborated with developers & PMs for smooth design handoff and data-driven feature planning.
- Created user personas and journey maps, and conducted usability testing to validate screen flows
- Ensured quality, accuracy, and timely delivery as an individual contributor.

### Nosh – Authentic Chinese Cuisine App

[View Design](#)

- Designed brand-aligned visual communication and UI/UX interfaces to support user engagement and marketing objectives.
- Applied structured creative production workflows, ensuring content management, brand consistency, and quality standards.
- Optimised navigation and ordering flows, reducing user friction and supporting conversion-focused, usability-driven outcomes.
