LinkedIn: <https://www.linkedin.com/in/muhammedansab-n>

I am a **Computer Science graduate** from KTU, with a strong focus on programming technologies. As a **trained fresher**, I've built a solid foundation in **ASP .NET Core, REST API, Angular, Java, and Python**, and continue to enhance my skills through hands-on projects and self-learning. I am currently pursuing a 6-month internship at **Madcodres**, where I am gaining practical experience in real-world software development. I'm passionate about technology and eager to begin my professional journey as a developer. Thank you for your time and consideration.

## Experience

- 6 Month Internship at Madcodres Technologies as an ASP.NET Full stack Developer and Shopify Developer.

## Skills

Passionate software engineer focused on web and app development, eager to contribute to innovative projects and collaborate with dynamic teams. Self-motivated and committed to continuous learning and growth.

- **Technical skills:**  
ASP .NET CORE, ANGULAR for web application, SQL, C, C#, JAVA SCRIPT, JQUERY, C++, JAVA, Python, HTML, CSS, Linux, Flutter for app and web development.
- **Other skills:**  
Team management, Teaching skill, Quick Learner, Problem solving, Presentation skill, Communication skill, Logical reasoning.

## Educational Qualification

Degree/Exam	Institute And University	Marks	Period
B.Tech in CSE	MEA Engineering college Perinthalmanna, under APJKTU .	7.43	2021-2025
PLUS TWO From Kerala State Board	AMHSS Tirukkad, Malappuram	93.4%	2019-2021
SSLC from Kerala State Board	AMHSS Tirukkad, Malappuram	99%	2018-2019

## Projects Done

### 1. AmazingBiz ERP(From August 2025)

- **Tool Used :** ASP.Net MVC, Rest and GraphQL API's, Visual Studio 2022, Microsoft SQL Server Management Studio.
- **Role :** Shopify Developer, SQL Programmer.
- **Project Summery :** It is E-Commerce software that used as ERP for accounting area and using Shopify for advanced features.

### 2. Bab Saudi(June 2025-August 2025)

- **Tools Used :** ASP.Net MVC ,HTML , CSS, JAVA SCRIPT, JQUERY, Visual Studio ,Microsoft SQL Server Management Studio.
- **Role :** Full Stack Developer in MVC.
- **Project Summary :** Bab Saudi is a city-based marketplace app that lets users select a city to explore local businesses, product offers, and company listings. It also features blogs, news articles, and an intelligent search to discover and order products or services within that city.

### 3. Nex Gen Medical Data Management System Using Blockchain(July 2024- February 2025)

- **Tools Used:** Flutter, Python, IPFS (off chain storage) , Ethereum Network, Sqlyog.
- **Role:** Frontend Developer, IPFS, Blockchain Integration.
- **Project Summary:** Developed a secure healthcare data management system using blockchain for transaction records, IPFS for off-chain file storage, and smart contracts for consent management. This ensured secure and efficient data handling with AES-256 encryption and role-based access control, protecting sensitive medical information.

## Workshops Attended

- **ASP .NET MVC** full stack developing internship from **MadCodres Technologies**.
- **Odoo Development** by PROSEVO TECHNOLOGIES on MEA Engineering College.
- **Workshop on Machine Learning Through Python** conducted by ICFOSS, in association with FOSS Cell, MEA Engineering College.
- Pursuing an online course from **Udemy** in **Angular web application Creation**.
