

GAURI KRISHNA A

gaurikrishnaa5@gmail.com | 8590556301 | <https://www.linkedin.com/in/gauri-krishna-a-30a578207>

SUMMARY

Detail-oriented and highly motivated Engineering graduate with strong proficiency in C, C++, Java, and Python. Experienced in web development using HTML, CSS, JavaScript, and PHP, with a solid foundation in object-oriented programming, data structures, algorithms, and database management. Skilled in problem-solving, algorithm development, and software engineering principles. Served as Volunteer Secretary of NSS, showcasing leadership, team collaboration, project management, and event coordination skills. Known for adaptability, quick learning, strong communication, and analytical thinking. Passionate about using technology to create innovative solutions and enhance user experiences.

TECHNICAL SKILLS

Programming Languages	Web Development	Soft Skills
C	HTML	Adaptability
C++	CSS	Leadership
Python	PHP	Effective Communication
Java & OOPS	SQL & DBMS	Work under pressure
	JavaScript	Team Worker & Collaboration
	Spring Framework & Spring Boot	
	Microservices & Architecture	

INTERNSHIP

Java Trainee

Jun 2025- Present

Linnk Acadamey in Kakkad

- Developed a Full Stack applications using Java and Spring Boot.
- Built RESTful APIs for seamless communication between front-end and back-end.
- Worked with MySQL databases, performing queries ,joins and optimization.
- Implemented CRUD operations, authentication and role-based control.
- Designed and implemented responsive UIs using HTML,CSS and JavaScript.

PROJECT

OUTBREAK:An Unreal Engine FPS Game | Developer

- Developed a visually immersive Fps game using Unreal Engine 5(UE5).
- Leveraged Nanite virtualized geometry and Lumen Global Illumination for Advanced graphics.
- Implemented UE5 Physics Engine for realistic weapon handling and environmental interactions.
- Focused on optimizing gameplay performance and enhancing user experience.

Integrated Multi-Modal Online Ticket Reservation System | Developer

- Designed and developed IMOTS, a digital platform that simplifies ticket booking across multiple modes of transportation, such as buses, trains, and flights, into a unified system.
- Implemented full-stack development techniques using HTML, CSS, PHP and MySQL ensuring a seamless and responsive user experience.

EDUCATION

Bachelor of Technology in Computer Science & Engineering

Nov 2021- July 2025

University College of Engineering, Thodupuzha

Gpa: 6.5
