ABOUT ME

Dedicating my creative and detail-oriented UI/UX Designer passionate about designing user-friendly and visually appealing interfaces. I seek opportunities to grow and contribute to innovative projects that address real-world user challenges. My expertise in user research, wireframing, and prototyping enables me to create impactful designs that enhance user experience.

EDUCATION

BTECH IN COMPUTER SCIECNE AND ENGINEERING   2021 - 2025

Lendi Institute of engineering and technology

EXPERIENCE

UNKNOWN - INTERN   **OCT 2025 - PRESENT**

Worked on Healthcare - focused projects, collaborating with cross - functional teams to enhance digital presence and user accessibility for patients .
Implemented user-centric design solutions to improve patient engagement and streamline appointment and health record management.

PROJECTS

VS MANI & CO

- Worked on enhancing the digital branding and user experience for VS Mani & Co, showcasing their authentic South Indian coffee products.
- Designed modern, user-friendly layouts that highlight the brand's tradition and quality across digital platforms.
- Collaborated with the team to improve product presentation and customer experience across online platforms.

EVENT BOOKING APP

- Researched user flow for event and ticket booking platforms.
- Designed wireframes and high-fidelity prototypes using Figma.
- Collaborated with developers and stakeholders to ensure seamless integration of design elements and enhance overall user experience.

I MUSIC WEBSITE

- Worked on designing an engaging music app interface (iMusic) that enhances user interaction and accessibility.
- Created visually appealing layouts and seamless navigation to deliver an enjoyable and personalized music experience.
- Collaborated with the team to improve overall usability and aesthetic consistency, ensuring a smooth and immersive listening experience for users.

PORTFOLIO

UI/UX CASESTUDY - DENTAL CARE APP

- Designed a complete UI/UX case study for a Dental Care App, focusing on user-centered research and pain-point analysis.
- Created user flows, wireframes, and high-fidelity prototypes to ensure a smooth appointment booking and dental service experience.
- Developed a scalable design system with clean visuals, accessibility principles, and intuitive interactions to enhance usability
