PROFESSIONAL SUMMARY

- 4+ Years of experience Currently working with **AQM Technologies, Mumbai** as an **Automation Test Engineer** since October 2021, with hands-on experience in both Automation and Manual Testing.
- Proficient in **Selenium WebDriver with TestNG Framework** for functional, integration, regression, and cross-browser testing of web applications integrated with JavaScript-based front ends.
- Skilled in designing and executing comprehensive **test cases, test plans, and test scripts**, along with data parameterization using **Apache POI** for Excel-based input/output.
- Strong understanding of **SDLC, STLC, Defect Life Cycle**, and experienced with multiple programming languages including **Java, C#, JavaScript, and SQL**.

WORK EXPERIENCE

AQM Technologies Pvt. Ltd.   Oct 2021 – Present
Automation Test Engineer   *Mumbai, India*

- Designed and maintained **automation test scripts** using **Selenium WebDriver (Hybrid Framework)** and **TestNG**, resulting in a **30% increase in testing efficiency**.
- Conducted functional, integration, and regression testing for **SBI Life Insurance** projects, ensuring **high-quality and stable production releases**.
- Implemented **data-driven testing** using **Apache POI** to manage Excel-based test data, reducing manual data preparation effort by **25%**.
- Configured and integrated test execution with **GitLab CI/CD pipelines**, improving test coverage visibility and enabling continuous quality checks.
- Collaborated closely with developers and business teams for defect logging and tracking via **Whizible**, improving sprint delivery timelines and defect resolution rates.

TECHNICAL SKILLS

Automation Tools: Selenium WebDriver, TestNG
Programming Languages: Java, C#, JavaScript
Databases: Oracle, SQL
Operating Systems: Windows, Linux

PROJECTS

SBI Life (Insurance Domain) | Java, Selenium WebDriver, TestNG, GitLab

- Automated functional and regression test cases for **SBI Life Insurance Web Application** using **Selenium WebDriver (Hybrid Framework)** under Agile methodology.
- Developed reusable automation scripts integrated with **Java**, improving execution efficiency by **30%**.
- Created and maintained **data-driven test cases** using **Apache POI** for Excel-based parameterization.
- Generated comprehensive **automation reports** via **GitLab CI/CD pipelines** ensuring transparency and faster feedback cycles.
- Collaborated with the development team to resolve defects through **Whizible**, improving sprint delivery by **20%**.

Bahrain Development Bank (BDB) | Java, JavaScript, Selenium WebDriver, Hybrid Framework

- Designed and implemented automation test scripts for **Web and Mobile Testing Framework** using **Selenium WebDriver**.
- Executed functional and integration testing cycles ensuring **35% faster test completion** with minimal manual intervention.
- Implemented **Excel-based data parameterization** with **Apache POI**, reducing data setup time by **25%**.
- Generated detailed automation execution reports and defect summaries to support continuous improvement.
- Delivered all automation deliverables on schedule under Agile sprints achieving a **98% on-time completion rate**.

CERTIFICATIONS & STRENGTHS

- **Certifications:** ISTQB Foundation, ISTQB Agile, PSTS (Professional Software Testing Specialist)
- **Strengths:** Fast learner and adaptable; able to collaborate effectively with diverse teams and deliver under pressure.
- Dedicated to going the extra mile to achieve sprint and project goals with a focus on quality and efficiency.
- Creative thinker with strong problem-solving abilities and a proactive approach to challenges.

EDUCATION

Pillai College — Mumbai University   2016
Bachelor of Science in Information Technology (B.Sc IT)   *Mumbai, Maharashtra*
